Members of the Board of Education and Residents of the Matanuska-Susitna Borough School District Palmer, Alaska

The Comprehensive Annual Financial Report (CAFR) of the Matanuska-Susitna Borough School District (District), for the fiscal year ended June 30, 2020 is submitted herewith. This report was prepared by the District's Business Services department following generally accepted accounting principles (GAAP) as defined by the Governmental Accounting Standards Board, and the guidelines recommended by the Association of School Business Officials International. The statutes of the State of Alaska require that the Board of Education provide for an audit by an independent certified public accountant of all school accounts within ninety days following the close of a fiscal year.

Responsibility for the completeness and fairness of the presentation as well as the accuracy of the presented data and disclosures rests with the District. The data, as presented, is based upon a comprehensive framework of internal controls that have been established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements. We believe the material is accurate in all aspects and is presented in a manner designed to fairly set forth the financial position and results of operations of the District as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain the maximum understanding of the District's financial affairs have been included.

The District's financial statements have been audited by BDO USA, LLP, a firm of independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2020 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2020, are presented fairly in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

As a recipient of Federal grant awards, the District is required to undergo an audit in accordance with the provisions of the U.S. Office of Management and Budget's (OMB) Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and associated Compliance Supplement. A Schedule of Expenditures of Federal Awards, the Independent Auditor's Reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included and available in a separately issued audit in accordance with the Uniform Guidance as required.

As a recipient of State grant awards, the District is also required to undergo an audit in accordance with the provisions of Alaska State Regulation 2 AAC 45.010 and Audit Guide and

Compliance Supplement for State Single Audits. A schedule of State Financial Assistance, the Independent Auditor's Reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included and available in a separately issued audit in accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Comprehensive Annual Financial Report (CAFR)

The District's CAFR consists of four parts:

- 1. The introductory section includes this transmittal letter, a list of the elected officials of the School Board (Board) and their offices held, a list of selected administration officials, and the District's administrative organizational chart.
- 2. The financial section consists of the Independent Auditor's Report, Management Discussion and Analysis (MD&A), the basic financial statements, required supplementary information, and combining and individual fund statements and schedules. Combining statements are presented when the District has at least one non-major fund of a given fund category. Various combining statements are also presented to demonstrate compliance with the Alaska Department of Education and Early Development's Uniform Chart of Accounts and Account Code Descriptions for Public School Districts.
- 3. The statistical section provides trend data and non-financial information useful in assessing a government's financial condition. It also includes demographic and other miscellaneous information of the District. Some tables present District data that has been combined with data provided by the Matanuska-Susitna Borough (primary government) to give a consolidated overview of the District's financial status.
- 4. The Single Audit Section includes the Independent Auditor's Reports, as well as a Schedule of Findings and Questioned Costs. Also included in this section are the Schedule of State Financial Assistance and Schedule of Expenditures of Federal Awards.

The Reporting Entity

The report includes all funds of the District. The District is a component unit of the Matanuska-Susitna Borough (Borough). Therefore, the financial data are required to be reported in the Comprehensive Annual Financial Report (CAFR) of the Matanuska-Susitna Borough. Audited financial statements for the Borough are available upon request from its administrative offices. The Borough has delegated to the District the responsibility for establishing, maintaining, and operating a system of public schools, pursuant to AS 29.35.160. Governing authority has been delegated to the District's School Board which is comprised of an elected board of seven members with one student non-voting member.

Relationship with Matanuska-Susitna Borough

Pursuant to Alaska Statute 14.12.020(c), the Borough Assembly provides the funding that must be raised from local sources to maintain and operate the District. Alaska Statute 14.14.060 states a borough can establish a centralized treasury and is responsible for major rehabilitation, all construction, and major repair of school buildings. Since the Borough is responsible for new construction and the related debt service, expenditures for debt service

and the taxing authority necessary to repay debt are reported in the Borough financial reports. Outstanding debt obligations for Twindly Bridge Charter School and Fronteras Spanish Immersion Charter School, which were more recently acquired, are recorded on the District's financial statements based on agreements with the Borough outlining debt repayment terms for each facility.

In many respects the two governments operate independently. However, the Borough has historically monitored the District's unspent year-end funds and required a percentage of any unspent funds be returned to the Borough. As of FY 2013 the District, under Borough Code 3.04.110(a)(c), was required to return 25% of the annual increase in unassigned fund balance to the Borough in the form of a lapse payment. The lapse funds were then placed in the Borough's reserve for school site acquisitions. At the end of FY14, FY15, FY16, and FY17 the Borough Assembly waived the lapse policy and approved for the School District to keep 100% of the increase in unassigned fund balance.

On March 21, 2018 the School Board approved Resolution 18-005 which included a request that the Borough remove all lapse requirements under Borough Code 3.04.110 (a)(c). On June 19, 2018 the Borough Assembly voted to adopt MSB Ordinance 18-065, an ordinance allowing the District to carry over 100% of its unassigned fund balance and any increase to unassigned fund balance at the end of the year. This ordinance effectively repealed any lapse payment and encumbrance requirements previously in place. By removing these requirements, the Borough allowed the District to maintain its encumbrances until the purpose for which it was made has been accomplished or abandoned without limitation and also allows the District to maintain its fund balance consistent with Alaska Statute 14.17.505(a). Under Alaska Statute 14.17.505(a), a school district is allowed to accumulate unassigned fund balance up to 10% of its general fund expenditures in a given fiscal year. For the MSBSD, ten percent of general fund expenditures equal approximately \$24 million.

Chart 1 represents the District's historical fund balance lapse to the Borough.

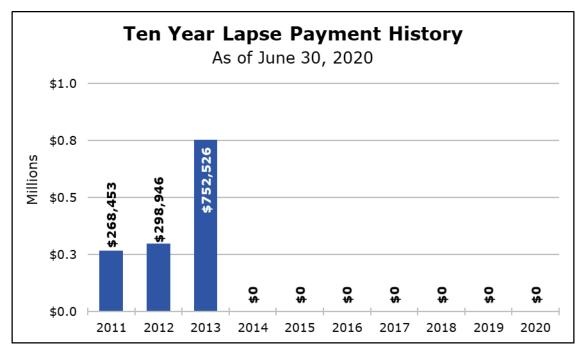

Chart 1

Included in the Financial Report are numerous statistical tables presenting a financial and statistical history of the District for the last ten years. Some tables present District data that has been combined with data provided by the Matanuska-Susitna Borough to give a consolidated overview of the District's financial status.

Board of Education - Governance of the School District

Alaska Statute sections 14.12.030-180 provide for the creation of school districts in the State of Alaska and establishes a school board as the governing body for each district. The seven voting members of the Board determine policy for operation and management of the District. Each member serves for three years, elected annually for overlapping terms. In addition to the seven voting members, a non-voting student representative serves in an advisory capacity to the Board. The daily operations of the District are under the general supervision of the Superintendent.

Profile of the District

The Matanuska-Susitna Borough (Borough) is situated within Southcentral Alaska and encompasses an area more than 25,000 square miles in size. The vast topography of the area includes mountain ranges, valleys, glaciers, rivers, lakes, wetlands, tundra, boreal forest, farms, and majestic stretches of pristine wilderness. The Borough includes portions of the Alaska Range to the north, the Chugach Mountain Range to the south, and most of the Talkeetna and Clearwater Ranges towards the interior of the Borough. The three incorporated cities located within the Borough include Wasilla, Palmer, and Houston. The Borough's core area, where a majority of the population lives, is commonly referred to as the "Mat-Su Valley." Aptly named, the Mat-Su Valley is bordered to the east by the Matanuska River and on the west by the Susitna River.

More than 100,000 people currently reside within the Borough. The Borough is located just 35 miles north of Anchorage, enabling approximately 34% of the population to commute there each day. Estimates based on information obtained from the 2010 US Census indicate that approximately 83% of the Borough population identify as white, 9% identify as two or more races, and 5% identify as American Indian or Alaska Native. The remaining 3% identify as Asian, Black or African American, Native Hawaiian or Pacific Islander, and other or unidentified. A little more than half (52%) of the Borough population is male. A majority of the Borough's households (57%) consist of married couples, with an average family size of four.

Almost 10% of the Borough's population is made up of veterans, with approximately 95% of those veterans having served in either the Vietnam or Gulf Wars. The education level achieved among the adult (25 years and older) population of the Borough consists of approximately 8% having attained less than a GED or high school diploma, and 32% having attained a GED or high school diploma. About 30% have completed some college coursework but have not completed a degree, and an additional 30% have completed a college degree.

In FY 2020 the Matanuska-Susitna Borough School District (District) served 19,080 students through 47 school locations, with education being delivered using in-person, correspondence, and blended models. The District provides education programs to students in pre-kindergarten through 12th grade, and puts students and families first by providing public school choice among 17 elementary schools, five middle schools, six high schools, seven small attendance area schools, and one comprehensive correspondence/home school program. Additionally, the District hosts six charter schools and five alternative education schools, which offer a wide range of specialized programs including a second correspondence/home school option.

Because the Borough is the fastest growing area within the State of Alaska, new schools have been added in recent years with the construction funded through voter-approved bonds. In FY 2017, the District opened new facilities for Dena'ina Elementary, Iditarod Elementary School and Fronteras Spanish Immersion Charter School. Portable buildings are also constructed or relocated as necessary to support enrollment growth and program needs.

District Vision, Mission, Beliefs, Goals, and Guiding Principles

The School Board is an elected body consisting of seven community members and one non-voting student body representative. As the governing body responsible for the stewardship of public funds for education within the Borough, the School Board determines policy for operation and management of the District and sets priorities. The School Board establishes a vision, mission, beliefs, goals, guiding principles, and objectives that provide a framework under which the Superintendent operates.

Vision

Mat-Su Borough School District will be a model of excellence in teaching, learning, and engaging all students.

Mission

Mat-Su Borough School District prepares all students for success.

Beliefs

- We believe that the needs and best interests of students drive all decisions.
- All students can and want to learn.
- Educational choices and community participation are essential to student success.

Goals

- 1. Improve student success, achievement, and performance.
- 2. Develop excellent educators and leaders.
- 3. Use innovative practices to improve the education system.
- 4. Include families and community members in the education of our students.
- 5. Promote safe and healthy environments for all.

Guiding Principles

These Guiding Principles will drive our decisions in our responsibility to our students, families, and community:

- Stewardship
- Accountability
- Empathy
- Quality
- Integrity
- Respect
- Collaboration
- Commitment

Long-Term Strategic Plan

As an established best practice in government finance, the District utilizes a long-term strategic plan that includes five key strategic priorities and spans four fiscal years. These strategic priorities align with School Board Goals above.

- Student Achievement
- Educational Equity
- School Safety, Security, and Climate

- Innovation
- Facilities Management & Capital Planning

Nested within each strategic priority are annual objectives intended to support advancement towards the overarching goals of the School Board. While each priority area is distinct in its nature, they work cohesively to meet the District's overarching mission to "prepare all students for success".

Accountability

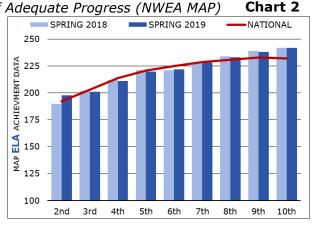

The District is accountable to its stakeholders in many ways. The following assessments and measures highlight student achievement results and the successes of the District's educational programs.

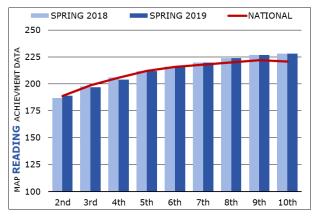

Northwest Education Association's Measures of Adequate Progress (NWEA MAP)

Over the past decade, the District's students have participated in a nationally normed assessment called the MAP assessment. This assessment informs students, parents, and school staff how an individual student's academic achievement compares to their peers across Alaska and the United States.

MAP covers the subjects of English Language Arts (ELA), Reading, and Math (Chart 2).

Out of the 54 school districts in Alaska, 51 participate in this assessment. Figure 18 illustrates the District's average grade level RIT rankings for Fall 2018 and Spring 2019 testing. Trends indicate that the District students' overall achievement is average. The District's median achievement is at 54%; and median growth is at 50%. This means that half of all District students' MAP Growth scores (across all subjects measured) were above the 54th percentile. Looking at growth from fall to spring, the median growth percentile for District students was 50%, which is exactly equal to the average national norm for growth. This means that the District students' scores grew at about the same rate as students across the nation.

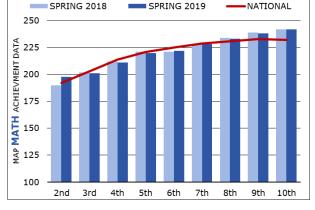

In general, student in early grades have an average MAP score below the national average and by high school the District's students' average MAP scores exceed the national average. This is attributed to a comprehensive multi-tiered system of support at each school where learning interventions and targeted instruction result in student growth of more than a year.

State Standards & Assessments

In FY 2015, Alaska adopted new, and much more rigorous, literacy and math standards,

called the PEAKS assessment. PEAKS measure a student's understanding of the skills and concepts outlined in the Alaska English Language Arts (ELA), and Mathmatics Standards, which have specific and rigorous expectations for growth in student's skills across all grades. The PEAKS assessments are administered to students in grades 3-9.

A recent study by NWEA indicates students must be in the 44th to 76th percentile to earn a "proficient" rating on the PEAKS assessment, as compared to the 37th percentile on the previous SBA assessments. In comparison, students need to be above the national average on MAP to be proficient on PEAKS (Chart 2).

While the State mandates PEAKS, Alaska law respects that parents have the right to exclude student from participation in specific instructional activities and statewide assessments. The District has an 81.6% participation rate in this assessment (Chart 3), which is considerably lower than the state average of 90.8%. A review of school participation rates

Chart 4

| | | District |
|-------|---|---|

consistently performs better than the State average (Chart 4) in both Math and ELA.

Graduation Rate

The ultimate measure of student success is the graduation rate. Over the nine past years, District's graduation rate has increased by 16%, from 70% to 86%. In its analysis, District has found students who complete at least two career technical education courses in a sequence have a 95% graduation rate.

Budget Process

Board Policy 3100 directs that the District budget be prepared annually to form the best possible estimates of enrollment, revenues, and expenditures. The budget development process begins in October with the 20-day student count, as administered by the State of Alaska Department of Education and Early Development (DEED). Immediately after the count period takes place, DEED requires that each district submit their projected enrollment for the upcoming fiscal year by November 5th. The projected enrollment for the Mat-Su Borough School District is based on a modified cohort-survival analysis.

The next step in the budget development process is a comprehensive examination of current revenues and expenditures to determine an estimated beginning fund balance for the upcoming fiscal year. Using the projected enrollment and the most current data available from the State Legislature, revenues for the budget year are projected.

To create an early estimate for expenditures, the District must make various assumptions for the upcoming year. For instance, from one year to the next the District may need to assume negotiated salary schedule increases; predict the rate at which health insurance premiums will increase; and/or come up with an estimate for escalating utility costs. Without having all the necessary information to accurately predict expenses in January, the District presents a preliminary budget with all budgetary assumptions clearly communicated within the document.

In accordance with the DEED Uniform Chart of Accounts, information is presented in the budget by fund, function, and object code to help stakeholders understand where expenditures are expected to occur. Adherence to the account code structure also assists the District in allocating at least 70 percent of its school operating expenses for instructional purposes. While this is no longer a requirement by the State, the District uses this as a measure to ensure adequate funding is designated for instructional purposes.

Public input for the budget is sought through open house forums, school board meetings, and an online survey. The District also hosts a virtual budget presentation, which includes a question and answer period and allows the District to reach a greater percentage of the community.

General Fund revenue is finalized towards the end of the budget process. From January through March, the School Board deliberates over the preliminary budget and makes any adjustments that are necessary in order to present a balanced budget to the Assembly, which is required by Borough Code 3.04.040. Upon adoption by the Board, the preliminary budget is submitted to the Borough Manager no later than the last Tuesday of March, as required by Borough Code 3.04.020(b). The official budget is due in resolution form no later than April 1st of each year to the Borough Assembly. A message including the specific level of local effort requested by the District must be included with the budget. Since April 1st is several weeks prior to the end of the State's legislative session, the District rarely knows the full funding picture by this date.

In April and May of each year, the Borough Assembly prepares its own budget and holds public budget deliberations and hearings. Within 30 days of the District submitting its preliminary budget to the Assembly, the Borough is required to approve a minimum amount to be apportioned for school operations, as required by AS 14.14.060. The Assembly adopts a budget that includes an appropriation for the School District by May 31st. After both State and local funding have been determined, the School Board takes action to adopt its final budget in May or June. The final budget is due to DEED by July 15th.

As required by Title 4 of Alaska Administrative Code, Chapter 9, Article 120, Budget Review, DEED will either approve the budget or may reject the District budget if it:

- Is not in the form required by the State;
- Is not balanced; or
- Does not meet the local effort provisions of AS 14.17.

If rejected by the State, a revised budget must be submitted within thirty days of the notice of rejection. If the budget contains prior year fund balance as revenue, the budget must be revised and resubmitted if the annual audit shows the fund balance to be less than projected.

By July 1st of each year, the budget is in place for the fiscal year that runs through June 30. While the budget is approved prior to July 1, staffing needs are adjusted almost immediately following the registration process that precedes the count period. Also prior to the twenty-day October student count period; there is one major budget revision that is used mainly to provide charter schools their estimated prior year carryover. The fall revision is brought before the Board in August or September for approval. After the count period, revenue is recalculated based on enrollment, and budgeted expenses are adjusted to account for the completed staffing adjustments, to arrive at winter budget revision. This budget revision is then presented to the Board for approval in December or January.

The School Board recognizes that operational budget revisions may be necessary in order to ensure that the District maintains a balanced budget. Line item revisions may be requested by unit administrators based upon educational or non-instructional support needs. Per Board Policy 3110, the following provisions apply to budget revision authority within the District:

- Budget revisions within a site location can be made by the budget manager without approval.
- The Deputy Superintendent of Business and Operations, Director of Finance, or designee shall be authorized to approve budget revisions between budget locations that do not exceed \$100,000.
- The Superintendent or designee shall be authorized to approve budget revisions between site locations that do not exceed \$150,000.
- Revenue adjustments, which increase or decrease the School District's total adopted budget, shall be submitted to the School Board for ratification.

Additional internal controls, approved by administration, have been established with regard to approval limits for budget transfer requests. While site administrators have responsibility for monitoring and approving how their budgets are expended, additional monitoring occurs at the District level. Once budget transfer requests reach \$25,000, the budget transfer must be approved by the Budget Supervisor. If approved, an internal control exists within the Enterprise Resource Planning's (ERP) system that sends a notification to the Deputy Superintendent of Business and Operations, indicating that a budget transfer in an amount greater than \$25,000 has been approved. For budget transfer approvals greater than \$75,000, a similar notification is sent to the Superintendent. These notifications keep administration informed of significant transactions to ensure proper oversight.

Budget revisions are entered using the District's ERP system and online workflow process. Administrative personnel enter budget transfer requests into the ERP system to be routed for the site administrator's approval and additional approvals as needed. Entry into the District's ERP system allows each budget transfer to immediately effect available funds. The District uses budget roll up codes within the ERP system to ensure that schools and departments have flexibility in spending funds, while still maintaining internal controls that help ensure administrators stay within acceptable budget expenditure parameters. All budget revisions are reported to the Board in a reading file.

These internal controls are part of the District's larger comprehensive risk management plan, which also includes IT backups and disaster recovery processes. The disaster recovery plan was developed utilizing the District's financial management system functionality to switch the data load, processes, and workflow to alternate servers outside the State of Alaska. If the unexpected should occur, key staff have been identified to assist with carrying out critical functions as a part of the District's disaster recovery and business continuity plan.

School and department budgets, budget process, and workflow are integrated into the ERP system. The system is designed with integrated modules, each designed to assist the end user in specific critical business functions. The system provides for streamlined functions in payroll, procurement, receiving, employee expense, accounts payable, and accounting that work hand-in-hand with the District's budget functions.

As funds are expended later into the fiscal year, the District begins monitoring fund balance. Board Policy 3470 establishes goals and provides guidance concerning the desired level of year-end fund balance to be maintained by the District as required by GASB Statement 54. The District's Comprehensive Annual Financial Reports (CAFR) designate fund balance as non-spendable, restricted, committed, assigned, and unassigned based on the relative strength of the restrictions that control the purposes for which amounts can be spent. When both restricted and unrestricted resources are available for use, it is the District's policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

The entire budget process, internal controls, and Board Policy are designed and implemented to ensure financial stability for program continuity; instill public confidence; maintain budget and financial compliance with government authorities, and assist the District in building adequate fund balance to offset unexpected increases in costs.

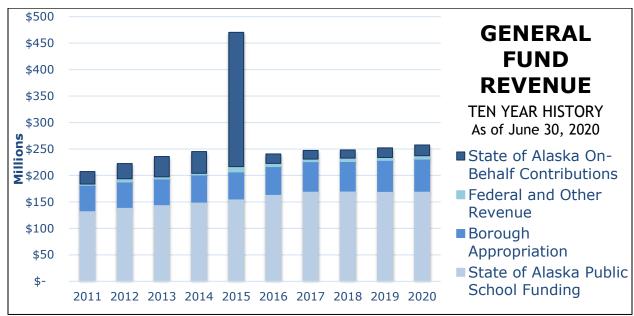

Factors Affecting Financial Condition

The District is largely dependent upon revenue from the State of Alaska as approximately 75% of the District's funding comes directly from the State through the State Foundation Formula. The State's public-school funding program sets the amount of general school funding the District receives from the State and it sets the limit of the amount to be raised from local sources under an equalization section of the formula.

Effective July 1, 2014, HB 278 adjusted the Base Student Allocation (BSA) to increase from \$5,680 to \$5,830 in FY 2015, \$5,880 in FY 2016, and \$5,930 in FY 2017. Funding outside the BSA was also established (to also be distributed through the formula) at \$43M in FY 2015, \$32.5M in FY 2016, and \$20M in FY 2017. Due to State fiscal constraints, the funding outside the BSA was not distributed for FY 2016 and FY 2017. The passage of HB278 also led to a change in funding for correspondence study programs. The correspondence factor within the Foundation Program was adjusted from 80% to 90%, and unspent student allotments carry over from year-to-year if students remain enrolled in the District's correspondence program.

Chart 6 represents the District's historical revenue sources.

As shown in Chart 6, FY 2015's State of Alaska On-Behalf Contributions are dramatically higher than any other fiscal year during the ten-year history. During the 2014 Legislative Session, Senate Bill 119 passed providing a one-time appropriation from the State's budget reserve fund of \$1 billion to PERS and \$2 billion to TRS which resulted in significantly increased contributions in FY 2015.

The District's total General Fund revenue increased by 2.08% between FY 2019 and FY 2020. State funding from the Foundation Program was \$184,855 higher due to changes in enrollment. The State also provided \$63,956 in revenues from the Permanent Fund Dividend Raffle and \$3,930,124 in one-time funding. The Borough appropriation was increased by \$2,291,014 to align with the District's share in a growing tax base.

The full impact of the COVID-19 pandemic is unknown and continues evolve. As of June 30, 2020, the District had been awarded \$3,997,351 under the Elementary and Secondary School

Emergency Relief Fund. The School District spent \$195,578 from these resources in fiscal year 2020, with the remainder to be expended in fiscal year 2021. An additional \$942,742 was awarded through the CARES Act and expended from the Summer Food Service Program for children and \$10,195 was expended from the Epidemiology and Laboratory Capacity for Infectious Disease Contact Tracing award.

In FY 2016 and FY 2017 the District's expenditures exceeded revenues resulting in a use of fund balance of \$2.5M in FY 2016 and \$2.9M in FY 2017. For FY 2018, the District experienced an increase of \$5.2M in unassigned fund balance as revenues exceeded expenditures and as the Borough removed the unassigned fund balance lapse policy. In FY 2019, the District grew General Fund unassigned fund balance by \$8,991,230 as a result of unanticipated retirement contribution credits issued by the State of Alaska Department of Administration for forfeited defined contribution plan participants and a spending and hiring freeze implemented by the District in February 2019. Unassigned fund balance increased by \$3,009,929 in FY 2020.

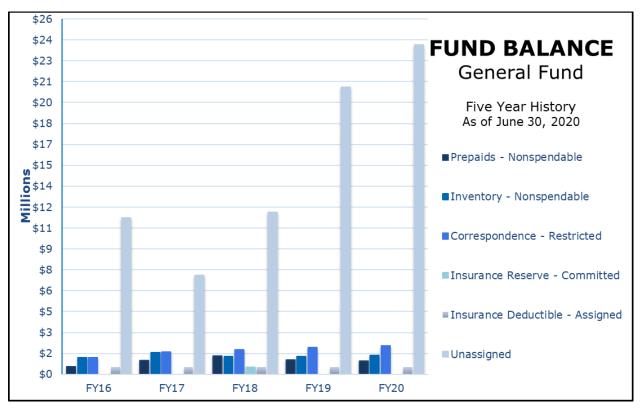

Chart 7

Instructional Spending

The District is committed to preparing all students for success and focuses its spending on the instructional area. Prior to 2016, Alaska Statute 14.17.520 stated, "A district shall budget for and spend a minimum of 70 percent of its school operating expenditures in each fiscal year on the instructional component of the district budget." Although his law was repealed in July 2016 and is no longer a State mandate, it is still a measure that may be used to compare educational spending throughout the State. The District's FY 2020 audited expenditures exceed the State of Alaska's mandate, with 78% of its operating fund spending within the instructional component and 22% spent in instructional support or non-instruction, as shown

in Chart 8 below. In FY 2020, the proportion of resources expended from the general fund towards the instructional component closely aligned with the historical expenditure proportions, with the exception of FY 2015. The increase in FY 2015 was due to the additional State-On-Behalf contributions received that year.

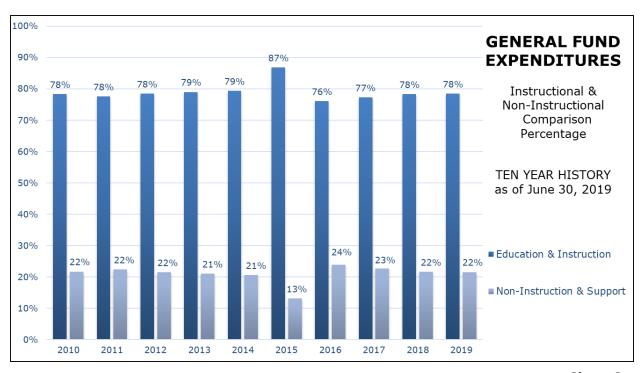

Chart 8

Financial Forecast

As the District attempts to forecast financial conditions beyond FY 2020, anticipated expenses outpace projected revenue, creating a structural deficit in subsequent years. Based on the following assumptions, the District prepared a long-term forecast that extends through FY 2023.

Revenue Assumptions

Local Funding

- Borough revenue maintained at 6.30 Mills of prior year assessed value
 - Assessed value increases at 2.5% annually per Borough forecast
- Other revenue maintained with no increase or decrease

State Funding

- BSA maintained at \$5,930
- Intensive count is maintained at 510
- No One-Time Grants from the State after FY 2021
- Excludes on-behalf revenue

Federal Funding

- Federal revenue maintained with no change Use of Fund Balance
- No use of Fund Balance after FY 2020

Expenditure Assumptions

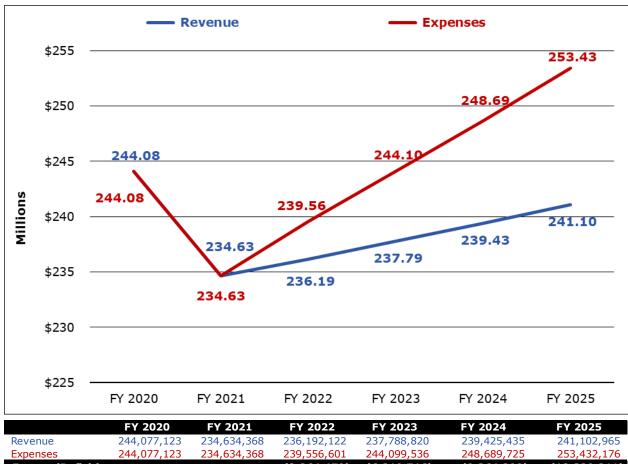

Regular Salary Schedule Movement

- CEA schedules are increased by 1.5% in FY 2021 and FY 2022 and are maintained static thereafter
- Certificated salaries are maintained with an average annual step increase of 1.36%
- Non-Certificated salaries are maintained with an average annual step increase of 3.31%
- Vacancy, Attrition, and Leave of Absence factors have been applied **Benefits**
- Health insurance increase at an annual rate of 8%
 - This increase is split 50/50 between employees and the District for CEA & MSPA unions
 - Current district costs are maintained with the employee covering the total cost of the increase for EXEC, MLMA, and MSEA unions
- All other deduction factors are maintained with any increase due to an increase in salary factors
- Includes a reserve of 1% of total salaries and benefits for payroll contingencies
- Excludes on-behalf payments

Non-Personnel

- Utilities increase at an annual rate of 2.5%
- Insurance bonds and premiums increase at an annual rate of 5%
- Transfers to other funds includes subsidies to Student Transportation
- All other non-personnel accounts are maintained with no increase or decrease

Chart 9

The deficits in FY 2022, FY 2023, FY 2024, and FY 2025 are \$3.36M, \$6.31M, \$9.26M, and \$12.33M, respectively. This trend of expenditures outpacing revenues is referred to as a structural deficit because operations cannot be sustained and may require a change to the organizational structure, educational programs, and/or service offerings.

Awards and Acknowledgements

The Association of School Business Officials International (ASBO) has awarded the Certificate of Excellence (COE) in Financial Reporting to the District for its Comprehensive Annual Financial Report (CAFR) for the period ended June 30, 2019. This was the eleventh consecutive year the District has received this prestigious award. We believe that the CAFR for the current fiscal year continues to meet the requirements of the Certificate of Excellence program and intend to submit it for consideration.

The preparation of this report was accomplished through the commitment, dedication, and tireless efforts of Matanuska-Susitna Borough School District employees. We would like to express our appreciation to all the people who contributed to the preparation of this report, including our primary government the Matanuska-Susitna Borough. Their expertise and partnership in data collection has been tremendously helpful. We would also like to thank the members of the School Board for their support in maintaining the highest standards of professionalism in the management of the District's finances.

Respectfully submitted,

Dr. Randy Trani

Independent Auditor's Report

Members of the School Board Matanuska-Susitna Borough School District Palmer, Alaska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Matanuska-Susitna Borough School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Matanuska-Susitna Borough School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Matanuska-Susitna Borough School District as of June 30, 2020 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 22, the budgetary comparison information on page 68, and the Schedules of the District's Proportionate Share of the Net Pension Liability, and Pension Contributions and the Schedules of the District's Proportionate Share of the Net Other Postemployment Benefits (OPEB) Liability and Asset, and OPEB Contributions on pages 69 through 70, and 71 through 72, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Matanuska-Susitna Borough School District's basic financial statements. The accompanying combining and individual fund financial statements and schedules, and Schedule of Compliance - AS 14.17.505 are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The accompanying combining and individual fund financial statements and schedules, and Schedule of Compliance - AS 14.17.505, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining and individual fund financial statements and schedules, and Schedule of Compliance - AS 14.17.505 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Matanuska-Susitna Borough School District as of and for the year ended June 30, 2019 (not presented herein), and have issued our report thereon dated November 15, 2019, which contained unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. The General (School Operating) Fund financial statements for the year ended June 30, 2019 are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2019 financial statements. The General (School Operating) Fund financial statements have been subjected to the auditing procedures applied in the audit of the 2019 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the General (School Operating) Fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2019.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

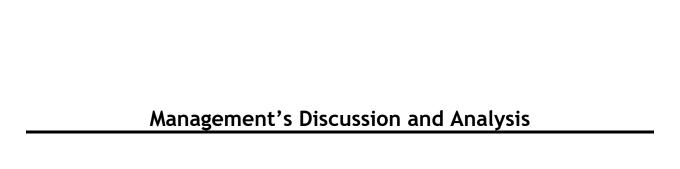

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2020 on our consideration of Matanuska-Susitna Borough School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Matanuska-Susitna Borough School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Matanuska-Susitna Borough School District's internal control over financial reporting and compliance.

Matanuska-Susitna Borough School District

Management's Discussion and Analysis

Year Ended June 30, 2020

This section of the Matanuska-Susitna Borough School District's comprehensive annual financial report presents discussion and analysis from the financial managers about the School District's financial performance over the fiscal year ended June 30, 2020 (FY 2020). We encourage readers to consider the information presented here in conjunction with the information furnished in our letter of transmittal at the front of this report as well as the School District's basic financial statements, which immediately follow this section.

The Management's Discussion and Analysis (MD&A) is an important element of Required Supplementary Information (RSI) prescribed by Statement No. 34 of the Governmental Accounting Standard Board (GASB), Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.

Financial Statements

Key financial highlights for the fiscal year ended June 30, 2020 include the following:

As of the close of the fiscal year, the School District's total governmental funds reported a combined ending fund balance of \$34,338,652, an increase of \$4,549,531 from the prior fiscal year.

The fund balance in the General Fund was \$28,522,037. Of this amount, \$2,332,448 was considered non-spendable, and was comprised of \$1,381,835 invested in inventory and \$950,613 reserved for prepaid items. Restricted fund balances totaled \$2,064,434, which was set aside for unspent student allotments for correspondence schools. Assigned fund balance of \$500,000 was reserved for self-insurance of workers' compensation claims. Unassigned fund balance at June 30, 2020 was \$23,625,155 for the General Fund.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School District's basic financial statements and supplement the information contained within them. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The basic financial statements include two kinds of statements that present different views of the School District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the School District's overall financial status.
- The remaining statements are fund financial statements which focus on individual activities of the School District, reporting the School District's operations in greater detail than the government-wide statements.
- Governmental fund financial statements present how basic services, such as regular and special education, were financed in the past fiscal year, as well as what resources remain for future expenditure.
- Fiduciary fund financial statements provide information about the financial relationships in which the School District acts solely as trustee or agent for the benefit of others.

Matanuska-Susitna Borough School District

Management's Discussion and Analysis

Year Ended June 30, 2020

Notes which provide additional information to further explain the data presented in the basic financial statements can be found following the statements. After the notes is a section of required supplemental information which supports and further explains the information contained within the financial statements and also includes a comparison of the School District's budget to actual results for the year.

Government-wide Financial Statements

The design of the government-wide financial statements is intended to provide readers with both short-term and long-term information about the School District's overall financial status, in a manner similar to a private-sector business.

The Statement of Net Position presents information on the School District's assets and deferred outflows of resources, as well as liabilities and deferred inflows of resources, with the remainder being the net position of the resources available in the fund. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial condition of the School District is improving or deteriorating.

The Statement of Activities presents information revealing how the School District's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of the timing of any related cash flows. Some of the cash flows related to revenues and expenses reported on the Statement of Activities will occur in a future fiscal period.

Both of the government-wide financial statements present functions of the School District as governmental activities, that is, functions principally supported by taxes and unrestricted intergovernmental revenues. The governmental activities of the School District include instruction, administration, student transportation, and food services, among others. The government-wide financial statements are found in exhibit A-1 and B-1 of this report.

Fund Financial Statements

A fund is a fiscal and accounting entity with a self-balancing set of accounts that is created for the purpose of tracking the financial transactions related to a specific activity or activities. The School District uses fund accounting to demonstrate accountability and to ensure compliance with finance-related legal requirements. The fund financial statements focus on the School District's most significant or "major" funds. All School District funds are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Governmental fund information helps the reader determine whether there are more (or less) financial resources that can be spent in the next fiscal year to finance the School District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental

Management's Discussion and Analysis

Year Ended June 30, 2020

funds is described in the reconciliation accompanying the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances. The governmental funds financial statements can be found in exhibit C-1 through C-4 of this report.

Proprietary Funds

The Proprietary Funds financial statements provide the same type of information as government-wide financial statements, only in greater detail. Proprietary funds are used to track business-type activities that charge customers a fee in return for goods or services. The School District maintains both types of proprietary funds - enterprise funds and internal service funds.

Enterprise funds are used to account for business-type activities for which external uses are charged a fee for goods or services. The School District's only enterprise fund at the end of the fiscal year was the Mat-Su Construction Trades Fund.

Internal service funds are used to track the activities that provide goods or services to other agencies, funds, or programs within the School District. The School District uses an internal service fund to account for Workers' Compensation Self-Insurance.

Because the proprietary funds are financially immaterial to the financial statements and because they fall within the general educational mission of the School District, these funds are accounted for as governmental activities within the government-wide statements. The basic proprietary fund financial statements can be found in exhibit D-1 through D-3 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources that are held for the benefit of parties other than the School District. Fiduciary funds are not reflected in the government-wide financial statements because the resources accounted for within those funds are not available to support the School District's own programs. The accounting used for fiduciary funds is much like that which is used for proprietary funds. The basic fiduciary fund financial statements can be found in exhibit E-1 of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential for understanding the data provided within the government-wide and fund financial statements. The note disclosures can be found immediately following exhibit E-1 of this report.

Other Information

Combining and individual fund statements and schedules can be found after the Required Supplementary Information section.

Management's Discussion and Analysis

Year Ended June 30, 2020

Government-wide Financial Analysis

Net Position

Over time, net position may serve as a useful indicator of a government's overall financial condition. With the implementation of GASB 68 and 75, the District was required to recognize its proportional share of the net pension and OPEB liabilities and related deferred inflows and outflows of resources.

The School District's total liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$95,934,788 for the fiscal year ended June 30, 2020. Of this amount, \$110,676,134 is a deficit, \$2,068,724 was restricted for correspondence school student allotments, and \$4,290 was restricted for scholarships. The remaining \$12,668,332 (net of the related debt) is invested in the School District's capital assets (e.g. facilities, furniture, equipment, and software). Because these capital assets are necessary for the School District to provide the services, supplies, and equipment required to fulfill its educational mission, the resources invested in them are not available to be used for future spending.

The increase in current assets from the prior year can be attributed in part to increases in cash and accounts receivable. The deferred outflows of resources related to the pension and other postemployment benefits decreased over the prior year by \$7,766,950.

Current liabilities include accounts payable, accrued payroll and related liabilities, prepaid grant funds, student meal account deposits, and claims payable within one year. The increase in current liabilities from the prior year is largely attributable to an increase in accounts payable which was offset by reductions in the other components. Noncurrent liabilities, which includes the accrued leave, capital leases payable, and the net pension and postemployment benefits liabilities decreased by \$29,152,755. This decrease was largely the result of a \$29,224,616 decrease in the net pension and other postemployment benefits liabilities due to a change in the benefit terms. Deferred inflows of resources related to pensions and other postemployment benefits increased from the prior year by \$481,311. The analysis below focuses on net position (Table 1). The Change in net position for the School District is shown on the following page in the Statement of Activities (Table 2).

The remainder of this page intentionally left blank.

Governmental Activities

The following condensed table of changes in net position, displays the revenues and expenses for the current year. The results of this year's operations for the School District as a whole are reported in the Statement of Activities in exhibit B-1 of this report. Table 2 provides condensed information from the Statement of Activities.

The cost of all governmental activities in FY 2020 was \$252,355,694. Users of the School District's programs paid some of the cost of the School District's programs (\$999,167). The federal and state government subsidized certain programs with grants and contributions (\$53,516,040). However, most of the School Districts' normal operating costs were paid for

Management's Discussion and Analysis

Year Ended June 30, 2020

with funding provided by the State of Alaska Foundation Program (\$170,211,256), which does not include the On-Behalf Retirement Contributions from the State of Alaska (\$20,227,731) and Other State Revenue (\$3,994,080), which was comprised of \$63,956 in Dividend Raffle proceeds and \$3,930,124 in one-time funding. The Borough Appropriation (\$60,665,932) is derived from local property tax assessments. The School District completed a one-time transfer of \$5,900,000 to the Borough to be used to fund a portion of the Houston Middle School rebuild. The Statement of Activities is located in exhibit B-1 of this report.

Table 3 presents the total cost of services for each of the School District's primary functional activities. The Net Cost of Services represents the Total Cost of Services less charges for services and revenue from operating grants and contributions. The net cost shows the financial burden placed on the School District's General Fund to provide each of these functions. The Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance can be found in Exhibit C-3.

As noted earlier, the School District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. By reviewing the funds, the reader is able to consider whether the School District is being fiscally responsible for the resources provided by the State, Borough, and others and may provide more insight into the School District's overall financial health.

Governmental Funds

The focus of the School District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful for assessing the School District's net resources available for expenditure at the end of the fiscal year. The School District's governmental funds reported combined fund balances at the end of the fiscal year of \$34,338,652 as reported in exhibit C-1.

Management's Discussion and Analysis

Year Ended June 30, 2020

Table 4 reconciles total ending balances for the governmental funds on the governmentwide balance sheet.

Table 4
Reconciliation of Total Fund Balances for Governmental Funds
to Net Position for Governmental Activities

| June 30, | 2020 | 2019 |
|---|-----------------------------|-----------------------------|
| Total fund balance - governmental funds at June 30 Cost of capital assets (net of accumulated depreciation) | \$ 34,338,652 19,128,563 | \$ 29,789,121 18,948,574 |
| Other postemployment benefits assets | 9,049,754 | - |
| Long-term liabilities | (165,877,367) | (193,968,168) |
| Deferred inflows and outflows - pension and other postemployment benefits related | 7,208,224 | 15,456,485 |
| Enterprise fund net position | 217,386 | 300,539 |
| Net Position At June 30 | \$ (95,934,788) | \$ (129,473,449) |

The School District had two major governmental funds in FY 2020. A major fund is defined as a governmental or enterprise fund for which the revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) total at least 10 percent of the total for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. Funds that do not meet that criteria may also be designated as major funds if they are considered important to the School District or the readers of its financial statements.

The General Fund qualifies as a major fund and is the principal operating fund for the School District. At the end of the prior fiscal year, the General Fund had a fund balance of \$28,522,037, which included non-spendable, restricted, assigned, and unassigned funds. The unassigned fund balance as of June 30, 2020, was \$23,625,155, an increase of \$3,009,929 from the prior year.

Although the Capital Improvement Projects Fund does not meet the reporting criteria to qualify as a major fund, the District has elected to present the fund as a major fund due to the significance of the fund to the users of the financial statements. This fund was established to provide funding for much needed equipment and infrastructure improvements to aging buildings, including ADA compliance upgrades; parking lot improvements; security upgrades; and fire alarm upgrades. In FY 2020, the four projects with the largest expenditures were for construction and relocation of portables between school sites to accommodate student populations at schools where enrollment was growing; mechanical, electrical, and water improvements at facilities; safety and security upgrades; and fleet vehicle refresh. Total expenditures for these four projects amounted to \$1,443,306, or about 16% of the total expenditures for capital improvement projects. The Capital Projects Fund had a fund balance at the end of the current year of \$3,736,478.

The Governmental Fund Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance provide information for both of these major funds and are located in exhibit C-1 and C-3 of this report.

Management's Discussion and Analysis

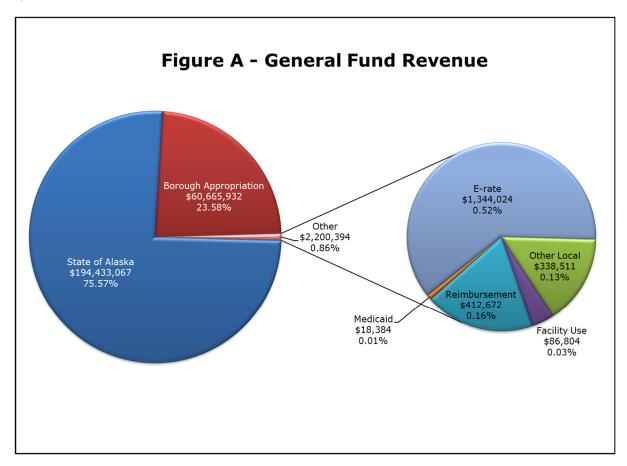

Year Ended June 30, 2020

Table 5 presents a summary of General Fund revenue, compares current year with the previous year, and shows the increase or (decrease) and percentage of change.

Table 5
General Fund Revenue

| | | | | Percentage |
|-----------------------|-------------------|-------------------|-----------------|------------|
| | | | Increase | Increase |
| | 2020 | 2019 | (Decrease) | (Decrease) |

| | | | | |
| Total Revenue | \$ 257,506,880 | \$ 252,252,555 | \$ 5,254,325 | 2.08% |

Figure A presents a chart of General Fund revenue by source for the fiscal year ended June 30, 2020.

Management's Discussion and Analysis

Year Ended June 30, 2020

The School District experienced an overall increase in revenue of \$5,254,325, or 2.08%. Funding from the Borough and State of Alaska made up \$2,291,014 and \$3,490,964 of that increase, respectively. Increases to State funding can be attributed to one-time grant funds and increases in on-behalf payments to support the unfunded liability in the State's retirement systems. Borough funding increased as a result of action taken by the Borough Assembly to link education funding to a millage rate equivalent of 6.3 mills. Federal E-rate funding was \$67,726 higher and Federal Medicaid funding was \$599,836 lower than in FY 2019. The large change in Federal Medicaid revenues was primarily due to software functionality issues which would not allow for Medicaid eligible encounter notes to be maintained. Other local revenue, which consisted of revenue from facility use and other local reimbursements, decreased from the prior year by \$213,029, largely due to facility closures related to COVID-19.

Table 6 presents a summary of the General Fund expenditures by function and reflects the change compared to the prior fiscal year in terms of both dollars and as a percentage. There was an increase in expenditures of 1.54% in FY 2020. The General Fund budget included several expenditure reductions. The overall increase in expenditures of \$3,394,585 over FY 2019 can primarily be attributed to salaries and benefits related expenditures.

Table 6
General Fund Expenditures

| | | | | Percentage |

Management's Discussion and Analysis

Year Ended June 30, 2020

Figure B presents a chart of General Fund expenditures by function for the fiscal year ended June 30, 2020.

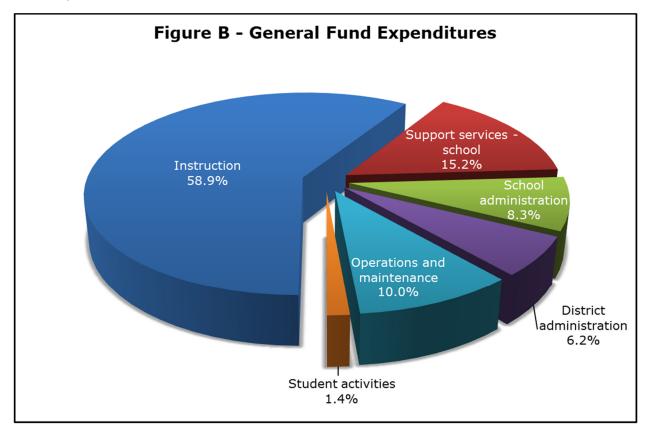

Table 6.1 below has been provided for a comparative view of increases and decreases over the prior year, and unlike Table 6, this schedule excludes on-behalf retirement payments from both years. This view demonstrates that, excluding any impact of on-behalf payments, the School District's expenditures increased by 0.74% overall from the prior fiscal year.

The remainder of this page intentionally left blank.

Management's Discussion and Analysis

Year Ended June 30, 2020

| | | | | |
| Total Expenditures | \$223,285,103 | \$221,642,793 | \$1,642,310 | 0.74% |

Capital Projects Fund

The School District's Capital Improvement Fund expenditures decreased by \$639,088 from the prior fiscal year. In the FY 2020 Winter Budget Revision, the School Board approved a transfer from the General Fund of \$3,381,059 to support numerous projects, which included a classroom technology refresh, portables to accommodate growth, mechanical, electrical, and plumbing maintenance, safety and security upgrades, and other major maintenance. The School Board approved an additional \$5,900,000 transfer to the Matanuska-Susitna Borough to be used to fund a portion of the Houston Middle School rebuild. Another \$350,000 was transferred for repairs to the roof of the Talkeetna Elementary school, and \$13,991 was transferred for power monitoring improvements. The fund balance of the Capital Improvement Fund increased by \$723,448 from \$3,013,030 in FY 2019 to \$3,736,478 in FY 2020.

Proprietary Funds

The School District's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in greater detail.

There was little change in the District's enterprise funds. The remaining \$426 resources remaining in the Families in Transition Fund at the end of FY 2019 were spent during FY 2020 and the fund has been closed. Following the guidance provided in Statement No. 54 of the Governmental Accounting Standards Board, the District discontinued reporting \$54,984 in the Adult Welding Fund and \$28,139 in the Alaska Works Partnership Fund and transferred these resources to the General Fund because it was no longer expected that a substantial portion of the inflows would be derived from restricted or committed revenue sources. This change left the Mat-Su Construction Trades Fund as the only enterprise fund of the School District. There was an overall reduction in cash and cash equivalents of \$83,903 within the enterprise funds over the fiscal year.

Management's Discussion and Analysis

Year Ended June 30, 2020

General Fund Budgetary Highlights

The School District Board of Education holds public hearings and recommends the School District budget. The Matanuska-Susitna Borough then approves the appropriation of funds for the School District budget. Once approved, state law requires the District submit its budget to the State of Alaska Department of Education and Early Development.

The ending difference between the final amended budget and actual expended amounts in the General Fund equaled \$8,677,885. The difference can primarily be attributed to unspent funds appropriated to the functional areas of instruction, operations and maintenance of plant, and student activities. Non-certificated salaries in the instructional area were over budgeted, as were other employee benefits and supplies, materials, and media. In the area of operations and maintenance of plant, utility services, energy, other purchased services, and supplies, materials and media were all over budgeted.

In December 2019, a novel virus was discovered in Wuhan, China. Named COVID-19 (coronavirus), the virus quickly spread throughout the world via person-to-person contact and had the potential to cause severe illness. Symptoms of COVID-19 generally aligned with those of other respiratory illnesses, including cough, fever, and shortness of breath.

In March 2020, when the virus became more widespread, the Mat-Su Borough School District took immediate steps to help limit the spread to students and staff. Considering international travel restrictions, MSBSD canceled all student travel scheduled to occur during spring break. Simultaneously, the District closed facilities to the public as well as facility use request. Spring break, which began on March 9th, was extended for another week while staff prepared to begin remote learning.

School closures continued in the month of April. On April 2nd, all spring activities were canceled. Then, on April 9th, the State of Alaska formally closed all schools for the remainder of the school year. By then, remote learning was well underway, and students were progressing in their education.

The District's response to COVID-19 resulted in a number of operational adjustments that impacted revenue and expenditures estimates in several governmental funds.

In the General Fund, the District experienced a cost savings based on limited substitute usage in the second semester; a reduction in additional days being allocated for summer school and student workers; reduced costs associated with heating and powering facilities; and a reduction in co-curricular stipends for spring activities. In the Transportation Fund, the District experienced a significant savings, primarily due to reduced costs related to contracted services. The Food Service Fund had lower meal sales and meal reimbursements, causing an estimated revenue shortfall.

The Coronavirus Aid, Relief and Economic Security (CARES) Act, a \$2.2 trillion economic stimulus bill passed by the 116th U.S. Congress and signed into law by President Donald Trump on March 27, 2020, provided relief to schools amid economic fallout due to COVID-19. On May 20, 2020, the Alaska Legislature approved House Bill 313, ratifying Governor Dunleavy's designated use of CARES Act funding.

Management's Discussion and Analysis

Year Ended June 30, 2020

CARES Act Elementary and Secondary Emergency Relief Fund (ESSERF) may be used for any activity authorized by the Elementary and Secondary Education Act (ESEA), Individuals with Disabilities Education Act (IDEA), the Adult Education and Family Literacy Act, the Perkins Career and Technical Education (CTE) Act, or McKinney-Vento Homeless Act, in addition to other activities to help with the response to COVID-19, including preparedness and response efforts, sanitation, professional development, distance learning, and other activities.

The School Board accepted the CARES Act ESSERF grant award in the amount of \$3,997,351 on June 3, 2020. The grant will be utilized to support remote learning; additional teaching positions to help close learning gaps through class size reductions; and supplies necessary to maintain safe and healthy school environments. The difference between the original and amended budgets is primarily from the School District's following significant highlights:

- Increased revenue from the State of Alaska in the amount of \$4,027,615 for a one-time grant appropriated by the Legislature in 2018 under House Bill 287 and subject to a superior court decision that upheld the legislative action in November 2019.
- Appropriations from Fund Balance of \$7,558,054, of which \$2,097,369 was attributable to charter school carry-over, \$1,306,855 was comprised of unspent student allotments, and \$4,153,830 was allocated from the General Fund's unassigned fund balance.
- Salary and benefits budgets reductions of \$5,676,520 due to unfilled positions, leave of absences, lower substitute usage, and fewer activity stipends as a result of the cancellation of spring activities.
- A reduction in energy costs of \$1,012,860 after an in-depth analysis that considered usage over a three-year period and eliminated rate increases in the cost estimates.
- Increased budgeted transfers to other funds by \$6,706,748 for transfer to the other funds and other government units. The amended budget included \$12,195,951 in transfers to other funds. Of that amount, \$5,900,000 was committed to the Mat-Su Borough for the Houston Middle School rebuild; \$3,731,059 was as allocated to the CIP Fund; \$1,715,447 was approved as a subsidy to the Food Service Fund; \$498,727 was transferred to the Debt Service Fund to repay Fronteras USDA loan obligation; and \$350,718 was set-aside for the Pupil Transportation Fund.

Capital Projects Fund Budgetary Highlights

The School District Administration provides a prioritized list of capital project needs to the Board of Education for approval of future projects. The Board of Education then approves the appropriation of funds for the budget. Once approved, the Facilities Department coordinates scheduling the projects.

The ending difference between the final amended budget and actual expended amounts in the Capital Project Fund equaled \$3,722,878. This difference can be attributed to:

- The timeline of the transfer to CIP. This transfer generally occurs in December of each year.
- The multi-year timeline for many of the projects.

Management's Discussion and Analysis

Year Ended June 30, 2020

The difference between the original and amended budgets results from the existing balance in continuing projects as well as a transfer in the amount of the winter appropriation of \$3,381,059, spring appropriation of \$13,991 for power monitoring improvements and \$350,000 to fund repairs to the Talkeetena Elementary School roof. The most significant highlights for funded projects can be attributed to:

- The addition of \$1,371,059 for classroom technology.
- The addition of \$1,000,000 for portable construction and relocation to support student enrollment trends.
- The addition of \$420,000 for mechanical upgrades.
- The addition of \$350,000 for the Talkeetna Elementary roof repair.
- The addition of \$300,000 for security camera expansion.
- The addition of \$250,000 to fund parking lot upgrades.
- The addition of \$240,000 to replace aging school gymnasium audio systems.

Debt Service Fund

The Mat-Su Borough obtained a \$6,900,000 loan from the U.S. Department of Agriculture (USDA) on behalf of the District to construct the new building for Fronteras Spanish Immersion Charter School. A Debt Service Fund was established June 7, 2017 to account for the accumulated resources which are dedicated to the repayment of Fronteras Spanish Immersion Charter School's long-term debt obligations. In FY 2020, \$498,727 was transferred to the Debt Service Fund. Total revenues exceeded expenditures by \$105,427, resulting in an ending fund balance of \$786,601.

Capital Asset and Debt Administration

Capital Assets

The School District's investment in capital assets for its governmental activities as of June 30, 2020 amounted to \$19,128,563 (net of accumulated depreciation). This investment in capital assets consists primarily of land, buildings, equipment, and furnishings. Additional information is available in footnote 3 of the notes to the financial statements.

Debt Administration

The School District's long-term obligations include \$4,180,449 for accrued leave. Additional information about annual leave is available in footnote 4 of the notes to the financial statements. Additional obligations include the net pension liability and net other postemployment benefits liability which is shown on the Statement of Net Position and amounts to \$153,285,432 and \$1,951,255 for FY 2020.

Management's Discussion and Analysis

Year Ended June 30, 2020

Economic Factors and Next Year's Budgets and Rates

In setting the budget for FY 2021, the School District considered a number of issues, with government-wide impacts among them, resulting in the following:

- Borough Revenue is maintained at 6.30 mills of the area-wide tax base and is expected to increase by \$1,644,216 based on growth in property values.
- The Base Student Allocation (BSA) was maintained at \$5,930. Total Foundation Program funding is not expected to see a significant increase and is estimated at \$169,960,205 in FY 2021. The one-time funding grants appropriated in 2018 are will not continue in FY 2021. The District anticipates a variance between projected and actual student enrollment counts in FY 2021 due to COVID-19 and more families electing correspondence study options in the fall. While enrollment will be somewhat unpredictable, a certain level of stability will be provided through the State of Alaska's Foundation Formula Program. The Foundation Formula Program has a hold harmless provision that aims to support districts experiencing enrollment reductions greater than 5% after the school size adjustment. In the first year of the enrollment decrease, school districts are eligible to receive 75% of the school size adjusted ADM difference between the current fiscal year and the base fiscal year.
- The adopted budget for FY 2021 was set with a projected student enrollment of 19,285, which is an increase of 222 students over FY 2020.
- The intensive count was projected to remain at 510 students in FY 2021.
- Federal Revenue and Other Local Revenue are not expected to see major changes in the coming year.
- PERS/TRS cost sharing is maintained in FY 2021, with total funding estimated to be \$ 20,262,378, a \$34,647 increase over FY 2020 based on increasing salaries and adjustments in actuarial rates approved by the Alaska Retirement Management Board.
- Certificated salaries are expected to increase by \$1,362,515 over current year actuals
 as a result of regular movement and were budgeted at \$97,068,471. To help offset
 the overall increase to certificated salaries in FY21, the School Board voted to reduce
 20.4 certified positions from the General Fund and authorized these positions be
 funded from the CARES Act monies.
- Non-certificated salaries are expected to increase by \$1,628,179 over current year actuals as a result of regular movement. Non-certificated salaries were budgeted at \$36,859,677 for FY 2021.
- Health insurance is projected to increase by 8%, which is split 50/50 between the District for CEA and MSPA bargaining units. Administration and MSEA bargaining units assumed 100% of any increase, based on current contract language.
- All other benefits are adjusted as a percent of estimated salaries.
- Utilities are projected to increase at a rate of 10.5%, with total costs estimated to be \$9,189,124.
- Insurance line items are expected to increase by 24%, based on recent claims experience and adverse market conditions.
- Lastly, the Pupil Transportation Fund is expected to have a revenue shortfall of \$1,906,761. This revenue shortfall reflects services costs in excess of funding levels provided by the State of Alaska.

Management's Discussion and Analysis

Year Ended June 30, 2020

The global pandemic brought about by COVID-19 will continue to have an impact on MSBSD operations in the coming year. While the District will make every effort to keep schools open to in-person learning, parents will also have the option of enrolling their child(ren) in an "At-Home Learning" program or in one of the District's correspondence study programs. At-Home Learning is a new option for families in FY 2021 where students will participate in remote learning, supported by a Mat-Su Borough School District certified teacher. While these enrollment options will be used to accommodate parent and student choice, it will lead to less predictability when it comes to projecting student enrollment trends and qualifying for State funding under the Foundation Formula Program.

Fortunately, the State's Foundation Formula Program has a hold harmless provision that will provide some stability if the District's average daily membership after the school size adjustment experiences a reduction equal to or greater than 5% from the prior year (FY 2020). Additionally, the District plans on utilizing CARES Act funding and other General Fund resources to support costs for remote delivery of instruction; additional teaching positions to help close learning gaps through class size reductions; increased substitute usage; and supplies necessary to maintain safe and healthy school environments. As the MSBD moves forward with plans for reopening schools in fall 2020, it is anticipated that the vast majority of all revenue sources will remain intact, allowing the District to safely deliver essential educational services amid the ongoing coronavirus pandemic.

Requests for Information

This report is designed to provide residents of the School District, taxpayers, parents, students, investors and creditors with a general overview of financial performance and to demonstrate fiscal accountability for the resources that the School District receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

Luke Fulp, Deputy Superintendent of Business and Operations Matanuska-Susitna Borough School District 501 N. Gulkana St. Palmer, Alaska 99645

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2020

| Net change in fund balances - total governmental funds | | \$ | 4,549,531 |
|--|-------------|----|-------------|
| The change in net position reported for governmental activities in the statement | | | |
| of activities is different because: | | | |
| Governmental funds report capital outlays as expenditures. | | | |
| However, in the statement of activities, the cost of those | | | |
| assets is allocated over their estimated useful lives as | | | |
| depreciation expense. This is the amount by which capital outlays | | | |
| exceeded depreciation: | | | |
| Capital outlay \$ | 3,383,915 | | |
| Depreciation expense | (3,203,926) | | |
| | | | 179,989 |
| Amounts reported in the Proprietary Funds of the District are | | | |
| used to support ongoing educational programs. Their activities | | | |
| are appropriately recorded with governmental activities in | | | |
| the statement of activities. | | | (83,153) |
| Repayment of the principal of long-term debt consumes current | | | |
| financial resources of governmental funds. However, this does | | | |
| effect net position. This amount is the principal payments on | | | |
| long-term debt. | | | 156,036 |
| Some expenses reported in the statement of activities such as | | | |
| compensated absences do not require the use of current | | | |
| financial resources and therefore are not reported as expenditures | | | |
| in governmental funds. | | | |
| Increase in accrued leave | | | (227,897) |
| Increase in net pension liability and related deferred outflows and inflows of resources | | | (4,516,317) |
| Decrease in net OPEB asset/liability and related deferred outflows and inflows of resource | es | - | 33,480,472 |
| Change in Net Position of Governmental Activities | | \$ | 33,538,661 |

Notes to Basic Financial Statements June 30, 2020

1. Summary of Significant Accounting Policies

The financial statements of the Matanuska-Susitna Borough School District (the District) have been prepared in conformity with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's most significant accounting policies are described below.

A. Reporting Entity

The accompanying financial statements include all the activities of the Matanuska-Susitna Borough School District. The District is a component unit of the Matanuska-Susitna Borough, Alaska.

Pursuant to Alaska Statutes, Title 29.43.030, the Matanuska-Susitna Borough (the Borough) has the responsibility of establishing, maintaining and operating a system of public schools. The Borough has delegated the administrative responsibilities for these functions to the Matanuska-Susitna Borough School District School Board. Members of the School Board are elected by the public. The School Board has delegated responsibility for establishing, maintaining, and operating a system of public schools to the School Board on an area-wide basis. The School Board is required to submit an annual budget to the Borough Assembly for approval, and any bonds must also be issued by the Borough.

The financial statements included in this report are for the Matanuska-Susitna Borough School District only. There are no component units for which the District is financially accountable, nor do any special financial relationships exist between the District and any other entity.

B. Basis of Presentation

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information about the overall government without displaying individual funds or fund types. In general, the effects of interfund activity have been removed from these statements to minimize the double-counting of internal activities. The District reports *governmental activities*, which are normally supported by intergovernmental revenues.

The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenditures and program revenues for each program or function of the District's governmental activities. Direct expenditures are those that are specifically associated with a service, program or department and are, therefore, clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as *general revenues* of the District. The comparison of direct expenditures with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The focus of the fund financial statements is on major funds which are presented in separate columns. Nonmajor funds are aggregated and presented in a single column.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide and proprietary fund financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District recognizes revenues to be available for the current period if they are collected within 60 days of the end of the period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only to the extent that they have matured.

Charges for services, intergovernmental revenues, and investment income associated with the current fiscal period are all considered to be subject to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when collected by the District.

The District reports the following major funds:

The *General Fund* is the District's primary operating fund. It accounts for all activities except those required to be accounted for in the other governmental funds, the proprietary funds, or the fiduciary funds.

The Capital Improvement Fund is a capital project fund used to account for all resources used for acquiring capital facilities including real property, initial equipment, additions and major repairs or improvements to facilities. This fund includes all projects funded by transfers from the General Fund. The District has elected to show this fund as a major fund because the information is relevant to the user of the District's financial statements.

The other funds of the District are considered nonmajor and are as follows:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific uses.

Capital Project Funds are used to account for all resources received and used for acquiring equipment, additions and major repairs or improvements to facilities.

Debt Service Funds are used to account for resources accumulated for payments of principal and interest on the long-term debt of governmental funds.

The remainder of this page is intentionally left blank.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Proprietary Funds are used to distinguish activities related to operating revenues and expenses from the Districts' nonoperating activities. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Districts' principal ongoing operations. Operating expenses for the enterprise funds include the costs of sales, services, and administrative expenses. All revenues and expenses not meeting this definition that are related to the Districts' business-type activities are reported as nonoperating revenues and expenses within the proprietary funds.

Enterprise Funds are a type of proprietary fund that is used to account for the business-type activities of the District for which a fee is charged to external users. It is the intent that revenues of the enterprise funds will be devoted principally to funding the enterprise activity. Because the enterprise funds are immaterial to the financial statements, and because they fall within the educational mission of the District, these funds are accounted for as governmental activities in the government-wide financial statements. At the end of the fiscal year, the Mat-Su Construction Trades Program was the only remaining enterprise fund maintained by the District.

Internal Service Funds are the second type of proprietary fund, and are used to track the business-type activities that provide goods and services within the District. An Internal Service Fund is used to account for the processing of worker's compensation self-insurance transactions provided across all funds. Because this fund directly benefits other governmental funds, it is also classified as governmental activities in the government-wide financial statements.

Agency Funds are a class of Fiduciary funds that contain the resources of others that are held on a temporary, purely custodial basis by the District. The District reports Student Activities resources that are held on behalf of the student organizations. These funds are reported using the *accrual basis of accounting*.

D. Budgets

Annual budgets for operations are adopted by the School Board for operating revenues, expenditures, and interfund transfers. Budgets are prepared and presented on the modified accrual basis of accounting for governmental funds.

The adopted School Operating Fund (General Fund) budget is submitted to the Matanuska-Susitna Borough for review and approval. The approved budget is also submitted to the State of Alaska, Department of Education and Early Development for review to determine compliance with Alaska statutes and Department regulations.

The School Board retains line item authority once the annual Borough appropriation to the District is approved by the Borough Assembly.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General and Special Revenue Funds.

F. Cash

The District's Cash is considered to be cash on hand, demand deposits, and certificate of deposits with original maturities of three months or less from the date of acquisition. For the Statement of Cash Flows, the District reports these amounts as cash.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

G. Short-Term Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the governmental funds balance sheet and proprietary funds statement of net position.

H. Inventories and Prepaid Items

Warehouse inventories are valued using the average method and fuel inventories are valued using the consumption method that is marked to market value. The Food Service Fund is inventoried on a FIFO (firstin, first-out) basis. Inventory in the General Fund consists of heating fuel for the schools and other buildings, warehouse custodial inventory, and correspondence school shelf stock. Inventory in the Special Revenue Funds consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed.

Payments made to vendors for services that will benefit periods beyond June 30, 2020, are recorded as prepaid items. The cost of prepaid items is recorded as expenditures when consumed rather than when purchased. Year-end prepaid items are recorded as assets and are classified as "nonspendable" fund balance, indicating that such amounts do not represent "available spendable resources."

I. Capital Assets

Capital assets result from expenditures in the governmental funds. With the exception of Twindly Bridge Charter School and Fronteras Spanish Immersion Charter School, capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported on the balance sheet of the fund financial statements.

All purchased capital assets except land are valued at cost. Donated capital assets are valued at acquisition value on the date of donation. Acquisition value is the price that would be paid to acquire an assets with equivalent service potential in an orderly market transaction at the acquisition date. The District maintains an assets capitalization threshold of \$5,000 (\$25,000 for software). For the most part, the District does not possess building infrastructure. With the exception of Twindly Bridge Charter School and Fronteras Spanish Immersion Charter School, buildings (and any related debt) are owned by the Borough and are not recorded in these financial statements.

All reported capital assets except for land are depreciated. Depreciation is computed on the straight line basis over the estimated useful life of the assets, generally 3 to 7 years for equipment and vehicles, and 40 years for buildings. Expenditures for maintenance and repairs that do not add to the expected useful life or add functionality to an asset are recognized as operating expenses when incurred and are not capitalized.

J. Accrued Leave

All permanent employees earn and accrue vacation and sick leave. Unused leave is accrued utilizing current salary cost as earned by employees and recorded as a liability in the government-wide statement of net position. No compensated absence liability is recorded in the fund financial statements.

K. Unearned Revenue

Amounts received from grantor agencies, which are restricted as to use and have not yet been expended for the intended use are shown on the balance sheet and statement of net position as unearned revenue.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

L. Pensions and Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension and OPEB liabilities and assets, and related deferred outflows of resources and deferred inflows of resources and pension / OPEB expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and the Teachers' Retirement Systems (TRS) and additions to/from PERS/TRS fiduciary net position have been determined on the same basis as they are reported by PERS/TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position may sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until then. The District reports certain pension and OPEB related items as deferred outflows of resources. These items are amortized to expense over time.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reports certain pension and OPEB related items as deferred inflows of resources. These items are amortized as a reduction to expense over time.

N. Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

Nonspendable fund balance. This classification includes amounts that cannot be spent because they are either (a) not in spendable form—prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balances comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance. This classification reflects the external constraints imposed on resources either (a) by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for specific purposes pursuant to constraints imposed by the District itself, through formal resolutions of the District's Board—the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the District's Board removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance. This classification represents the resources the District's intends to use for specific purposes, but are neither restricted nor committed. The District's Superintendent has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Unassigned fund balance. This category of fund balance contains the resources not required to be reported in one of the other categories. It is also used to report negative fund balances in other governmental funds. A negative number indicates that the District spent more for a particular purpose than was available in that fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to use externally restricted resources first, followed by unrestricted resources—committed, assigned, and unassigned—in order as needed.

O. Management Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows/inflows of resources and liabilities and disclosure of contingent assets, deferred outflows/inflows of resources and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results may differ from those estimates.

2. Cash

The District's cash resources for general operations are maintained in a central treasury shared with the Borough. In addition, the District maintains some of its own accounts for specific purposes such as the Worker's Compensation Fund and the Student Activity accounts. Negative cash balances have been reclassified to "due to other funds."

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District is a component unit of the Matanuska-Susitna Borough (Borough). The Borough Assembly has approved an investment policy, which includes the District, under which the Borough may invest only in and through United States banks, credit unions and brokers, investments fully collateralized if the amount is more than insurance provided, and institutions with third-party security agreements for collateral on file with the Borough. The cash deposits in the accounts maintained in the School District's name are insured by the Federal Deposit Insurance Corporation or covered by collateralization agreements.

The remainder of this page intentionally left blank.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

3. Capital Assets

Capital asset activity for the year ended June 30, 2020 follows:

| Governmental Activities | J | Balance June 30, 2019 | Additions | Deletions | Balance June 30, 2020 |
|--|----|---------------------------|--------------------------|-------------|-----------------------------|
| Capital assets not being depreciated Land | \$ | 119,632 | \$ - | \$ - | \$ 119,632 |
| Capital assets being depreciated Furnishings and equipment Buildings | | 28,060,693 8,100,000 | 3,383,915 | (81,013) | 31,363,595 8,100,000 |
| Total assets being depreciated | | 36,160,693 | 3,383,915 | (81,013) | 39,463,595 |
| Accumulated depreciation Furnishings and equipment Buildings | | (16,471,751) (860,000) | (2,991,426) (212,500) | 81,013 - | (19,382,164) (1,072,500) |
| Total accumulated depreciation | | (17,331,751) | (3,203,926) | 81,013 | (20,454,664) |
| Total assets being depreciated, net | | 18,828,942 | 179,989 | - | 19,008,931 |
| Net Capital Assets | \$ | 18,948,574 | \$ 179,989 | \$ - | \$ 19,128,563 |

Depreciation expense was charged to the governmental functions of the District as follows for the year ended June 30, 2020:

| Instruction | \$ 80,009 |
|---|-----------------|
| Special education support services - students | 3,044 |
| Support services - students | 1,485 |
| Support services - instruction | 43,649 |
| School administration support services | 10,326 |
| District administration support services | 860,068 |
| Operations and maintenance of plant | 2,198,680 |
| Student Activities | 6,565 |
| Student transportation - to and from school | 100 |
| | |
| Total Depreciation | \$ 3,203,926 |

In addition, significant capital construction and related capital asset activity relevant to the District has been recorded on the Matanuska-Susitna Borough's financial statements. As described in Note 4, the District has recorded capital assets for land and buildings recorded as capital leases. The legal title of these buildings rests with the Borough.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

4. Long-term Obligations

A schedule of changes in long-term obligations for the year ended June 30, 2020 follows:

| | Balance July 1, 2019 | Additions | Deletions | Jur | Balance ne 30, 2020 | Due Within One Year |
|-----------------------|-------------------------|--------------------|-------------|-----|------------------------|------------------------|
| Capital lease payable | \$ 6,616,267 | \$ - \$ | (156,036) | \$ | 6,460,231 | \$ 161,787 |
| Accrued leave | 3,952,552 | 6,186,595 | (5,958,698) | | 4,180,449 | 2,641,012 |
| Long-term Obligations | \$ 10,568,819 | \$ 6,186,595 \$ | (6,114,734) | \$ | 10,640,680 | \$ 2,802,799 |

In order to construct a new facility for the Fronteras Spanish Immersion Charter School, the Borough obtained a \$6,900,000 loan at an interest rate of 3.625% from the U.S. Department of Agriculture (USDA) in 2017. The terms of the agreement require the Borough to make monthly principal and interest payments in the amount of \$32,775 for a period of 28 years. The District entered into a capital lease agreement with the Borough to use the facility, and the payments made to the Borough are used to pay the USDA loan. In addition, significant debt and related repayment activities relevant to the District are recorded in the financial statements of the Matanuska-Susitna Borough.

Approximately 63% of accrued leave is expected to be used within one year. Accrued leave balances are typically liquidated by the General Fund.

The total cost of the assets acquired under capital lease as of June 30, 2020 was \$8,100,000. The assets are included as building in capital assets. The accumulated amortization and amortization expense included in depreciation totaled \$1,072,500 and \$212,500, respectively for the year ended June 30, 2020.

Annual debt service requirements to maturity for the above obligations except accrued leave follow:

| Year Ending June 30, | Principal | Interest | Total |
|----------------------|--------------|-----------------|-----------------|
| | | | |
| 2021 | 161,787 | 231,513 | 393,300 |
| 2022 | 167,750 | 225,550 | 393,300 |
| 2023 | 173,933 | 219,367 | 393,300 |
| 2024 | 180,344 | 212,956 | 393,300 |
| 2025 | 186,991 | 206,309 | 393,300 |
| 2026-2030 | 1,043,563 | 922,937 | 1,966,500 |
| 2031-2035 | 1,250,593 | 715,907 | 1,966,500 |
| 2036-2040 | 1,498,695 | 467,805 | 1,966,500 |
| 2041-2045 | 1,796,018 | 170,473 | 1,966,491 |
| 2046 | 557 | 2 | 559 |
| | | | |
| | \$ 6,460,231 | \$ 3,372,819 | \$ 9,833,050 |

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

5. Leases

Year Ending June 30,

The District has operating leases for buildings and equipment used for education program sites. Rent and lease expenditures were \$1,445,501 for the year ended June 30, 2020. The future minimum lease payments on non-cancellable leases are as follows:

| 2021 2022 2023 2024 2025 | \$ | 1,432,985 466,799 465,586 465,586 142,607 |
|---|----|---|
| | \$ | 2,973,563 |
| 6. Interfund Receivables, Payables, and Transfers | | |
| A schedule of interfund balances and transfers for the year ended June 30, 2020 follows | : | |
| Due from Other Funds Due from the nonmajor governmental funds to the General Fund for short-term operating advances Due from Internal Service Fund to the General Fund for short-term operating | \$ | 5,656,899 |
| advances | | 905,781 |
| Total Amount Due From Other Funds | \$ | 6,652,680 |
| Transfers From General Fund to nonmajor governmental funds from the General Fund for operating subsidies | \$ | 1,249,964 |
| From the General Fund to the Capital Improvement Fund for capital acquisition subsidy | | 9,645,050 |
| Total Transfers to Other Funds | \$ | 10,895,014 |
| Transfers to the General Fund From the Enterprise Fund to the General Fund for operating activities | | 83,123 |
| Total Transfer | \$ | 10,978,137 |

Additionally, the District transferred funds of \$5,900,000 to the Borough as reimbursement for earthquake damage repairs.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Note 7. Retirement Plans

General Information About the Plans

The District participates in two defined benefit pension plans. The Alaska Teachers' Retirement System (TRS) is a cost-sharing multiple employer plan which covers teachers and other eligible participants. The Alaska Public Employees' Retirement System (PERS) is a cost-sharing multiple employer plan which covers eligible State and local government employees, other than teachers. Both Plans were established and are administered by the State of Alaska Department of Administration to provide pension, postemployment healthcare, death and disability benefits. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

Both Plans are included in comprehensive annual financial reports that includes financial statements and other required supplemental information. Those reports are available via the internet at http://doa.alaska.gov/drb. Actuarial valuation reports, audited financial statements, and other detailed plan information are also available on this website.

Both Plans provides for retirement, death and disability, and postemployment healthcare benefits. There are three tiers of employees, based on entry date. For all tiers within the Defined Benefit (DB) plans, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary (AMS) times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. The tiers within the Plans establish differing criteria regarding normal retirement age, early retirement age, and the criteria for calculation of AMS, COLA adjustments, and other postemployment benefits (OPEB). A complete benefit comparison chart is available at the website noted above.

(a) Defined Benefit (DB) Pension Plan

Both the PERS and TRS DB Plans were closed to new entrants effective July 1, 2006. New employees hired after that date participate in the PERS or TRS Defined Contribution (DC) Plans described later in these notes.

Historical Context and Special Funding Situation

Historically, the TRS plan has been a cost-sharing plan, while originally, PERS was an agent-multiple-employer plan. In April 2008, the Alaska Legislature passed legislation converting the previously existing PERS plan from a DB agent-multiple employer plan to a DB cost-sharing plan with an effective date of July 1, 2008. In connection with this conversion, the State of Alaska passed additional legislation which statutorily capped the employer contribution rate for both plans, established a state funded "on-behalf" contribution (subject to funding availability), and required that employer contributions be calculated against all PERS/TRS eligible wages, including wages paid to participants of the PERS Tier IV/TRS Tier III defined contribution plans described later in these notes. The Alaska Legislature has the power and authority to change the aforementioned statute through the legislative process.

The remainder of this page is intentionally left blank.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Alaska Statutes 14.25.085 and 39.35.280 require the State of Alaska to contribute to the Plan an amount such that, when combined with the employer contribution, is sufficient to pay each Plans' past service liability contribution rate as adopted by the Alaska Retirement Management Board (ARM Board). As such, both Plans are considered to be in a special funding situation as defined by GASB, and management has recorded all pension related liabilities, deferred inflows/outflows of resources, and disclosures on this basis.

Employee Contribution Rates

District PERS employees are required to contribute 6.75% of their annual covered salary (9.60% for employees on a nine-month payment contract). Teachers and other certificated employees are required to contribute 8.65% of their annual covered salary to TRS.

Employer and Other Contribution Rates

There are several contribution rates associated with the pension contributions and related liabilities. These amounts are calculated on an annual basis.

Employer Effective Rate: This is the contractual employer pay-in rate. Under current legislation, the amount calculated for the statutory employer effective contribution rate is 22% of eligible wages for PERS and 12.56% of eligible wages for TRS, subject to a wage floor, and other termination events. These rates are calculated on all PERS/TRS participating wages, including those wages attributable to employees in the DC plan. Contributions derived from the DC employee payroll is referred to as the Defined Benefit Unfunded Liability or DBUL contribution.

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25 year term which ends in 2039.

State Contribution Rate: This is the rate paid in by the State as an on-behalf payment under the current statute. The statute requires the State to contribute, based on funding availability, an on-behalf amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. In the governmental fund financial statements, on-behalf contribution amounts have been recognized as additional revenues and expenditures. In the government-wide financial statements, the on-behalf amounts reflect revenue and expense only during the measurement period in which the Plan recognizes the payments, resulting in a significant timing difference between the cash transfers and revenue and expense recognition.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Contribution rates for the year ended June 30, 2020 were determined in the June 30, 2017 actuarial valuations. The District's contribution rates for the 2020 fiscal year were as follows:

| PERS | Employer Effective Rate | ARM Board Adopted Rate | State Contribution Rate |
|---|----------------------------|---------------------------|-------------------------------|
| Pension Postemployment healthcare (ARHCT) | 15.72% 6.28% | 23.73% 4.89% | 6.62% 0.00% |
| Total Contribution Rates | 22.00% | 28.62% | 6.62% |
| TRS | Employer Effective Rate | ARM Board Adopted Rate | State Contribution Rate |
| Pension Postemployment healthcare (ARHCT) | 8.03% 4.53% | 26.56% 3.91% | 17.91% 0.00% |
| Total Contribution Rates | 12.56% | 30.47% | 17.91% |

In 2020, the District was credited with the following contributions to the pension plans:

| | Measurement Period July 1, 2018 | District Fiscal Year July 1, 2019 |
|--|------------------------------------|--------------------------------------|
| | to | to |
| PERS | June 30, 2019 | June 30, 2020 |
| Employer contributions (including DBUL) Nonemployer contributions (on-behalf) | \$ 3,714,194 1,966,871 | \$ 3,464,212 2,338,553 |
| Total Contributions | \$ 5,681,065 | \$ 5,802,7665 |
| | Measurement Period | District Fiscal Year |
| | | |
| | July 1, 2018 | July 1, 2019 |
| TRS | June 30, 2019 | June 30, 2020 |
| | to June 30, 2019 | to June 30, 2020 |
| TRS Employer contributions (including DBUL) Nonemployer contributions (on-behalf) | to | to |

In addition, employee contributions to the Plans totaled \$812,658 for PERS and \$4,458,235 for TRS during the District's fiscal year.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability (NPL) that reflected a reduction for State pension support provided to the District. The amount recognized by the District for its proportional share, the related State proportion, and the total portion of the net pension liability that was associated with the District were as follows:

| | PERS | TRS |
|---|------------------|----------------|
| District's proportionate share of NPL | \$ 57,206,105 | \$ 96,079,327 |
| State's proportionate share of NPL associated with the District | 22,718,504 | 142,489,557 |
| Total Net Pension Liability | \$ 79,924,609 | \$ 238,568,884 |

The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 to calculate the net pension liability as of that date. The District' proportion of the net pension liability is based on the ratio of the present value of projected future contributions for each employer to the present value of project future contributions to the Plan for the fiscal years 2020 to 2039. At the June 30, 2019 measurement date, the District's proportion for PERS was 1.04501 percent, which was a decrease of 0.10954 percent from its proportion measured as of June 30, 2018. At the June 30, 2019 measurement date, the District's proportion for TRS was 5.14194 percent, which was a decrease of 0.02896 from its proportion measured as of June 30, 2018.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

For the year ended June 30, 2020, the District recognized pension expense of \$4,713,981 for PERS and \$7,691,238 for TRS. In addition, the District recognized on-behalf revenue of \$3,086,191 and \$10,948,876 for support provided by the State for PERS and TRS, respectively. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| <u>PERS</u> | Deferi Outflo of Resource | ows Inflows |
|--|---------------------------------|--------------------|
| Difference between expected and actual experience | \$ | - \$ (846,874) |
| Changes in assumptions | 1,751,3 | 397 - |
| Net difference between projected and actual earnings | | |
| on pension plan investments | 820,2 | 214 - |
| Changes in proportion and differences between District | | (2.042.024) |
| contributions and proportionate share of contributions District contributions subsequent to the measurement date | 3,464,2 | - (2,042,824) |
| District contributions subsequent to the measurement date | 3,404,2 | |
| Total Deferred Outflows of Resources and Deferred Inflows | | |
| of Resources Related to Pensions | \$ 6,035,8 | 823 \$ (2,889,698) |

| on pension plan investments | 2,467, | 182 - |
| Changes in proportion and differences between District | | |
| contributions and proportionate share of contributions | | - (1,503,931) |
| District contributions subsequent to the measurement date | 4,529,9 |) 84 - |
| Total Deferred Outflows of Resources and Deferred Inflows | | |
| of Resources Related to Pensions | \$ 6,997, | 166 \$ (4,789,302) |
| T. NOTES, TO NOTATION TO PROPERTY. | 7 0,777, | (1,707,302) |

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

The \$3,464,212 for PERS and \$4,529,984 for TRS reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending June 30, | | PERS | TRS |
|----------------------|----|-----------|----------------|
| 2021 | \$ | (228,224) | \$ (2,045,422) |
| 2022 | * | (605,578) | (1,789,024) |
| 2023 | | 232,717 | 674,571 |
| 2024 | | 282,998 | 837,755 |
| 2025 | | - | - |
| Thereafter | | - | - |
| Total Amortization | \$ | (318,087) | \$ (2,322,120) |

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2018, using the actuarial assumptions listed below, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019:

| Actuarial cost method | Entry age normal; level percentage of payroll |
|---------------------------|---|
| Amortization method | Level percentage of pay, closed |
| Inflation | 2.50% |
| Salary increases | Range from 6.75% to 2.75% based on service. |
| Investment rate of return | 7.38%, net of pension plan investment expenses. This is based on an average inflation rate of 2.50% and a real rate of return of 4.88%. |
| Mortality | Pre-termination and post-termination mortality rates were based upon the 2013-2017 actual mortality experience. Pre-termination mortality rates were based on 100% of the RP-2014 white-collar employee table with MP-2017 generational improvement. Post-termination mortality rates were based on 91% of male and 96% of female rates of the RP-2014 table with MP-2017 generational improvement (PERS); and 93% of male and 90% of female rates of the RP-2014 white-collar healthy annuitant table with MP-2017 generational improvement (TRS). Deaths are assumed to be occupational 40% of the time (PERS) and 15% of the time (TRS). |

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

The actuarial assumptions used in the June 30, 2018 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017. As a result of this experience study, the ARM Board adopted updated actuarial assumptions for the June 30, 2018 actuarial valuation to better reflect expected future experience.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return, excluding the inflation component of 2.50%, for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|--------------------------|-------------------|--|
| Broad domestic equity | 24% | 8.16% |
| Global equity (non-U.S.) | 22% | 7.51% |
| Intermediate treasuries | 10% | 1.58% |
| Opportunistic | 10% | 3.96% |
| Real assets | 17% | 4.76% |
| Absolute return | 7 % | 4.76% |
| Private equity | 9 % | 11.39% |
| Cash equivalents | 1% | 0.83% |

Discount Rate

The discount rate used to measure the total pension liability was 7.38%. This is a reduction in the discount rate used since the prior measurement date, which was 8.00%. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.38%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

| PERS | Proportional Share | 1% Decrease (6.38%) | Current Discount Rate (7.38%) | 1% Increase (8.38%) |
|---|-----------------------|------------------------|-------------------------------------|------------------------|
| District's proportionate share of the net pension liability | 1.04501% | \$ 75,502,020 | \$ 57,206,105 | \$ 41,883,873 |
| TRS | Proportional Share | 1% Decrease (6.38%) | Current Discount Rate (7.38%) | 1% Increase (8.38%) |
| District's proportionate share of the net pension liability | 5.14194% | \$ 138,404,934 | \$ 96,079,327 | \$ 60,541,798 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

8. Defined Contribution (DC) Pension Plan

Employees hired after July 1, 2006 participate in PERS Tier IV or TRS Tier III, both DC plans. These Plans are administered by the State of Alaska, Department of Administration in conjunction with the DB plans noted above. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. The Alaska Retirement Management Board may also amend contribution requirements. Included in the Plans are individual pension participation accounts. Each participation account is self-directed with respect to investment options. These Plans are included in the comprehensive annual financial reports for PERS and TRS, and at the following website, as noted above. http://doa.alaska.gov/drb.

Contributions to the DC plans consist solely of employer and employee contributions with no special funding or other nonemployer contributions. In addition, actual remittances to the PERS system require that the District contribute at 22%. Actual remittances to the TRS system require that the District contribute at 12.56% After deducting the DC plan contributions (and related OPEB contributions), the remaining remittance (the DBUL) is deposited into the DB plan as noted earlier.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Benefit Terms

Employees are immediately vested in their own contributions and vest 25% with two years of service, plus an additional 25% per year thereafter for full vesting at five years of service. Nonvested employer contributions are forfeited upon termination of employment from the Plan. Such forfeitures were applied in the year ended June 30, 2020 to cover a portion of the District's employer match contributions.

Employee Contribution Rate

Employees are required to contribute 8% of their annual covered salary for both PERS and TRS. This amount goes directly to the individual's account.

Employer Contribution Rate

For the year ended June 30, 2020, the District was required to contribute 5% of covered salary into the Plan for PERS and 7% of covered salary for TRS.

The District and employee contributions to PERS for pensions for the year ended June 30, 2020 were \$1,133,872 and \$1,814,186, respectively. The District and employee contributions to TRS for pensions for the year ended June 30, 2020 were \$3,255,626 and \$3,720,712, respectively. The District contribution amount was recognized as pension expense/expenditures.

9. Defined Benefit OPEB Plans

As part of its participation in PERS and TRS, the District participates in the following cost sharing multiple employer defined benefit OPEB plans: Alaska Retiree Healthcare Trust (ARHCT), Retiree Medical Plan (RMP) and Occupational Death and Disability Plan (ODD).

The ARHCT, a healthcare trust fund, provides major medical coverage to retirees of the DB plans. The ARHCT is self-funded and self-insured. The ARHCT was closed to all new members effective July 1, 2006. Benefits vary by Tier level. The RMP provides major medical coverage to retirees of the PERS DC Plan (Tier IV) and TRS DC Plan (Tier III). The RMP is self-insured. Members are not eligible to use the Plan until they have at least 10 years of service and are Medicare age eligible. The ODD provides death benefits for beneficiaries of plan participants and long-term disability benefits to all active members within PERS and TRS. The Plans are administered by the State of Alaska, Department of Administration. The OPEB plans are included in the comprehensive annual financial reports for PERS and TRS, at the following website, as noted above. http://doa.alaska.gov/drb.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Employer Contribution Rate

Employer contribution rates are actuarily determined and adopted by and may be amended by the Board. Employees do not contribute.

Employer contribution rates for the year ended June 30, 2020 were as follows:

| | PERS | TRS |
|--|-------|-------|
| Alaska Retiree Healthcare Trust | 6.28% | 4.53% |
| Retiree Medical Plan | 1.32% | 1.09% |
| Occupational Death and Disability Benefits | 0.26% | 0.08% |
| Total Contribution Rates | 7.86% | 5.70% |

In 2020, the District was credited with the following contributions to the OPEB plans:

| PERS | Measurement Period July 1, 2018 to June 30, 2019 | District Fiscal Year July 1, 2019 to June 30, 2020 |
|--|---|---|
| Employer contributions - ARHCT Employer contributions - RMP Employer contributions - ODD | \$ 1,350,296 196,550 54,296 | \$ 1,383,317 299,159 58,967 |
| Total Contributions | \$ 1,601,142 | \$ 1,741,443 |
| TRS | Measurement Period July 1, 2018 to June 30, 2019 | District Fiscal Year July 1, 2019 to June 30, 2020 |
| Employer contributions - ARHCT Employer contributions - RMP Employer contributions - ODD | \$ 2,509,478 347,826 35,154 | \$ 2,555,022 506,768 37,204 |
| Total Contributions | \$ 2,892,458 | \$ 3,098,994 |

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

OPEB Liabilities, OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB Plans

At June 30, 2020, the District reported a liability for its proportionate share of the net OPEB liabilities (NOL) and net OPEB assets (NOA) that reflected a reduction for State OPEB support provided to the District. The amount recognized by the District for its proportional share, the related State proportion, and the total were as follows:

| | PERS | | TRS |
|---|----------------------------|----|---------------------------------------|
| District's proportionate share of NOL - ARHCT District's proportionate share of NOL - RMP | \$ 1,550,562 400,693 | Ç | |
| Total District's Proportionate Share of NOL | \$ 1,951,255 | Ç | - |
| State's proportionate share of the ARHCT NOL associated with the District | 616,486 | | |
| Total Net OPEB Liabilities | \$ 2,567,741 | ç | - |
| | PERS | | TRS |
| District's proportionate share of NOA - ARHCT District's proportionate share of NOA - RMP District's proportionate share of NOA - ODD | \$ - - (322,419) | \$ | (7,841,984) (432,506) (452,845) |
| Total District's Proportionate Share of NOA | \$ (322,419) | \$ | (8,727,335) |
| State's proportionate share of the ARHCT NOA associated with the District | - | | (11,669,016) |
| Total Net OPEB Assets | \$ (322,419) | \$ | (20,396,351) |

The total OPEB liabilities (assets) for the June 30, 2019 measurement date was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 to calculate the net OPEB liabilities (assets) as of that date. The District's proportion of the net OPEB liabilities (assets) is based on the ratio of the present value of projected future contributions for each employer to the present value of projected future contributions to the Plans for the fiscal years 2020 to 2039.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

| PERS | June 30, 2018 Measurement Date Employer Proportion | June 30, 2019 Measurement Date Employer Proportion | Change |
|--|---|---|--|
| District's proportionate share of the net OPEB liabilities (assets): ARHCT RMP ODD | 1.15442% 1.68413% 1.68413% | 1.04499% 1.67486% 1.32983% | (0.10943)% (0.00927)% (0.35430)% |
| TRS | June 30, 2018 Measurement Date Employer Proportion | June 30, 2019 Measurement Date Employer Proportion | Change |
| District's proportionate share of the net OPEB liabilities (assets): ARHCT RMP ODD | 5.15915% 10.96155% 10.96155% | 5.13148% 11.27493% 11.26201% | (0.02767)% 0.31338% 0.30046% |

For the year ended June 30, 2020, the District recognized OPEB expense of (10,376,686) for PERS and (17,054,589) for TRS. Of these amounts, (3,984,356) for PERS and (29,490,408) for TRS was recorded for on-behalf revenue and expense for support provided by the ARHCT plans. OPEB expense and on-behalf revenue for the year ended is listed by plan in the table below:

| PERS | OPEB expense | On-behalf revenue |
|---------------------|---------------------------------------|---------------------------|
| ARHCT RMP ODD | \$ (10,679,924) 280,984 22,344 | \$ (3,984,356) - - |
| Total | \$ (10,376,686) | \$ (3,984,356) |
| TRS | OPEB expense | On-behalf revenue |
| | | |
| ARHCT RMP ODD | \$ (17,458,283) 411,621 (7,927) | \$ (29,490,408) - - |

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB plans from the following sources:

| PERS | ARHCT | RMP | ODD | Total |
|---|----------------|-------------|-------------------------|---------------------------|
| Deferred Outflows of Resources: | | | | |
| Changes in assumptions Changes in proportion and differences between District contributions and proportionate share | \$ 2,057,566 | \$ 193,945 | \$ - | \$ 2,251,511 |
| of contributions | 154,342 | 5,181 | 42,656 | 202,179 |

Notes to Basic Financial Statements

Actuarial Assumptions

The total OPEB liability for each plan for the measurement period ended June 30, 2019 was determined by actuarial valuations as of June 30, 2018, using the following actuarial assumptions. applied to all periods included in the measurement, and rolled forward to the measurement date of June 30, 2019:

Actuarial cost method Amortization method

Entry age normal; level percentage of payroll

Level percentage of payroll, closed

Inflation

2.50%

Salary increases

Graded by service from 6.75% to 2.75%

Investment return of return

7.38%, net of postemployment healthcare plan investment

expenses. This is based on an average inflation rate of 2.50% and a

real rate of return of 4.88%.

Healthcare cost trend rates (ARHCT Plan and RMP)

Pre-65 medical: 7.5% grading down to 4.5% Post-65 medical: 5.5% grading down to 4.5% Prescription drug: 8.5% grading down to 4.5%

EGWP: 8.5% grading down to 4.5%

Mortality

PERS: Pre-termination and post-termination mortality rates were based upon the 2013-2017 actual mortality experience. Posttermination mortality rates were based on 91% of the male rates and 96% of the female rates of the RP-2014 health annuitant table projected with MP-2017 generational improvement. The rates were 100% of the RP-2014 employee table with MP-2017 generational

improvement.

TRS: Pre-termination and post-termination mortality rates were based upon the 2013-2017 actual mortality experience. Posttermination mortality rates were based on 100% of the RP-2014 employee with MP-2017 white-collar table generational improvement. Post-termination mortality rates were based on 93% of male and 90% of female rates of the RP-2014 white-collar healthy

annuitant table with MP-2017 generational improvement.

Participation (ARHCT)

PERS: 100% system paid of members and their spouses are assumed to elect the healthcare benefits paid as soon as they are

eligible.10% of non-system paid members and their spouses are assumed to elect the healthcare benefits as soon as they are

eligible.

TRS: participation rates vary between 75% to 100% decrement due to disability, 50% to 95% decrement due to retirement, and 75% to

95% due to years of service.

The actuarial assumptions used in the June 30, 2018 actuarial valuation were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017. As a result of this experience study, the ARM Board adopted updated actuarial assumptions for the June 30, 2018 actuarial valuation to better reflect expected future experience.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

In addition to the changes in assumptions resulting from the experience study, the following assumption changes have been made since the prior valuation:

- 1. An Employer Group Waiver Plan (EGWP) was implemented effective January 1, 2019. This arrangement replaced the Retiree Drug Subsidy (RDS) under Medicare Part D and resulted in larger projected subsidies to offset the cost of prescription drug coverage.
- 2. Based on recent experience, the healthcare cost trend assumptions were updated
- 3. Per capita claims costs were updated to reflect recent experience.
- 4. Healthcare cost trends were updated to reflect a Cadillac Tax load.

Long-Term Expected Rate of Return

The long-term expected rate of return on OPEB plan investments for each plan was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of postretirement healthcare plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of arithmetic rates of return, excluding the inflation component of 2.50% for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2019 are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|--------------------------|-------------------|--|
| Broad domestic equity | 24% | 8.16% |
| Global equity (non-U.S.) | 22% | 7.51% |
| Intermediate treasuries | 10% | 1.58% |
| Opportunistic | 10% | 3.96% |
| Real assets | 17% | 4.76% |
| Absolute return | 7% | 4.76% |
| Private equity | 9% | 11.39% |
| Cash equivalents | 1% | 0.83% |

Discount Rate

The discount rate used to measure the total OPEB liability for each plan as of June 30, 2019 was 7.38%. This is a reduction in the discount rate used since the prior measurement date, which was 8.00%. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy which meets State statutes. Based on those assumptions, the fiduciary net position or each plan was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability for each plan.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability (asset) calculated using the discount rate of 7.38%, as well as what the District's proportionate share of the respective plan's net OPEB liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | | Current | | | | |
|-----------------------------------|--------------|---------------|----------------|-----------------|--|--|
| | Proportional | 1% Decrease | Discount Rate | 1% Increase | | |

OPEB Plan Fiduciary Net Position

Detailed information about each OPEB plan's fiduciary net position is available in the separately issued PERS and TRS financial reports.

10. Defined Contribution OPEB Plans

PERS and TRS DC Pension Plan participants (PERS Tier IV and TRS Tier III) also participate in the Health Reimbursement Arrangement Plan (HRA Plan). The HRA Plan allows for medical care expense to be reimbursed from individual savings accounts established for eligible persons. The HRA Plan became effective July 1, 2006 at which time contributions by employers began.

Contribution Rate

AS 39.30.370 establishes this contribution amount as "three percent of the average annual employee compensation of *all employees of all employers* in the plan". As of July 1, 2019, for actual remittance, this amount is calculated as a flat rate for each full-time or part-time employee per pay period and approximates \$2,121 per year for each full-time employee, and \$1.36 per hour for part-time employees.

Annual Postemployment Healthcare Cost

In fiscal year 2020, the District contributed \$1,091,391 in DC OPEB costs to PERS and \$1,481,592 in DC OPEB costs to TRS. These amounts have been recognized as expense/expenditures.

11. Risk Management

The District faces a considerable number of risks of loss, including (a) damage to and loss of property and contents, (b) employee torts, (c) professional liability; i.e., errors and omissions, (d) environmental damage, (e) workers' compensation, and (f) medical insurance costs of employees.

Commercial policies, transferring the risk of loss, except for relatively small deductible amounts, are purchased for employee medical cost, bodily injury, personal injury, and property damage, and errors and omissions. For these policies, premiums have increased over the last few years, however settlements have not exceeded coverage amounts.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

Accounting for Self-Insurance

For the year ended June 30, 2020, the District was self-insured for its workers' compensation insurance program. All claims reported under the self-insurance program are paid by the District. Commercial stoploss coverage limits the liability to \$500,000 per individual claim. The District accrues an estimate of claims incurred but not reported at year end.

Following is a schedule of changes in claims liabilities for the two years ended June 30, 2020 and 2019 for the workers' compensation plan.

| | C | Workers' ompensation Insurance |
|--|----|--------------------------------------|
| Claims Liability at June 30, 2018 | \$ | 1,182,319 |
| Claims and administration expenses Claims and administration expenses paid | | 2,072,765 (1,886,929) |
| Claims Liability at June 30, 2019 | \$ | 1,368,155 |
| Claims and administration expenses Claims and administration expenses paid | | 1,936,001 (2,441,614) |
| Claims Liability at June 30, 2020 | \$ | 862,542 |

12. Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by the grantor agencies, principally the Federal and State governments. Any disallowed claims, including amounts already collected, would become a liability of the School Operating Fund.

The District receives a substantial portion of its revenue from state and local grants and the Matanuska-Susitna Borough. Significant changes in these revenue sources could have a material effect on the operations of the District.

The District provides services solely to those residents of the Matanuska-Susitna Borough, Alaska and nearby communities as within the State defined District boundaries. Changes in the local environment or economy could directly affect the District's enrollment. Significant changes in enrollment could have a material effect on the District's funding and operations.

From time to time, the District may be a participant in legal proceedings related to the conduct of its business. In the normal course of business, it also has various commitments and contingent liabilities, which are not reflected in the accompanying financial statements. In the opinion of the management, any current legal proceedings, commitments or contingent liabilities will not materially affect the financial position of the District.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

A District employee is alleged to have sexually assaulted and/or engaged in inappropriate conduct including alleged inappropriate touching and/or sexual contact with several students. The District became aware of the allegations that led to the arrest of the employee in late September 2019. The employee has been criminally charged and the criminal matter is pending. The employee has been terminated by the District. Six (6) civil claims have been filed against the District at this time and the District has recorded a \$500,000 liability related to this incident.

13. Fund Balances/Appropriation Lapse

Historically, Matanuska-Susitna Borough Ordinance Number 13-096 required that the School District refund or lapse one quarter of its increase in unassigned fund balance annually. On June 19, 2018 the Borough Assembly voted to adopt Ordinance 18-065, an ordinance allowing the District to retain a hundred percent of any increase in unassigned fund balance. This ordinance effectively repealed any lapse payment and encumbrance requirements previously in place.

Fund balances, reported in the District's individual major funds and nonmajor funds in the aggregate on the governmental funds balance sheet are subject to the following constraints at June 30, 2020:

| | _ | Major | Funds | | | | |
|------------------------|----|--------------|--------------------------|----|--------------|----|---------------|
| | | | Capital | | Nonmajor | | |
| | | General | Improvement | | Funds | | Totals |

Notes to Basic Financial Statements

14. New Accounting Pronouncements

The Governmental Accounting Standards Board has issued several new accounting standards with upcoming implementation dates. Management has not fully evaluated the potential effects of these statements, and actual impacts have not yet been determined. The statements are as follows:

GASB Statement No. 84 - Fiduciary Activities - Effective for year-end June 30, 2020. This Statement addresses criteria for identifying and reporting fiduciary activities.

GASB Statement No. 87 - Leases - Effective for year-end June 30, 2021, This Statement addresses accounting and financial reporting for certain lease assets and liabilities for leases that previously were classified as operating leases. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

GASB Statement No. 89 - Accounting for Interest Cost Incurred before the End of a Construction Period - Effective for year-end June 30, 2021. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus.

GASB Statement No. 90 - Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61 - Effective for year-end June 30, 2020. This Statement addresses accounting and financial reporting for a majority equity interest in a legally separate organization. It provides a definition of a majority equity interest and provides guidance for further presentation as either an investment or a component unit, based on specific criteria.

GASB Statement No. 91 - Conduit Debt Obligations - Effective for year-end June 30, 2022. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with commitments extended by issuers, arrangements associated with conduit obligations, and related note disclosures. This Statement clarifies the definition of a conduit debt obligation and establishes standards for related accounting and financial reporting.

GASB Statement No. 92 - Omnibus 2020 - Provisions of this Statement related to the effective date of Statement No. 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The effective date for all other provisions of the Statement are to be implemented for year-end June 30, 2021. This Statement addresses a variety of topics such as leases, the applicability of Statement No. 73 and Statement No. 74 for reporting assets accumulated for postemployment benefits, the applicability of Statement No. 84 to postemployment benefit arrangements, the measurements of liabilities and assets related to asset retirement obligations in a government acquisition, reporting of public entity risk pools, referencing to nonrecurring fair value measurements, and terminology used to refer to derivative instruments.

GASB Statement No. 93 - Replacement of Interbank Offered Rates - The provisions of this Statement, except for paragraph 11b, are required to be implemented for year-end June 30, 2022 The requirements in paragraph 11b are required to be implemented for year-end June 30, 2023. This Statement addresses accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR).

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Basic Financial Statements

GASB Statement No. 94 - Public-Private and Public-Public Partnerships and Availability Payment Arrangements - Effective for year-end June 30, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and also provides guidance for accounting and financial reporting for availability payment arrangements (APA).

In light of the COVID-19 Pandemic, on May 8, 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, to provide relief to governments. This Statement, which was effective upon issuance, postpones the effective dates of certain provisions in the above noted pronouncements for one year, except for Statement No. 87 and provisions related to leases in Statement No. 92 which are postponed for eighteen months, Certain other provisions of Statement No. 92 are excluded from Statement No. 95. Additionally, Statement No. 95 excludes provisions in Statement No. 93 related to lease modifications and excludes Statement No. 94 since the GASB considered the pandemic in determining effective dates. Earlier application of the standards is encouraged and is permitted to the extent specified in each pronouncement as originally issued.

GASB Statement No. 96 - Subscription-Based Information Technology Arrangements - Effective for year-end June 30, 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This statement, among other things, defines a SBITA, establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability, provides capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA.

GASB Statement No. 97 - Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - Effective for year-end June 30, 2022, except the portion of the pronouncement related to component unit criteria, which is effective for year-end June 30, 2020. This statement modifies certain guidance contained in Statement No. 84 and enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

15. Risks and Uncertainties

COVID-19 - CARES Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the District's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the District is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021. The District is dependent upon its workforce to deliver its services. Developments such as social distancing and shelter-in-place directives will impact the District's ability to deploy its workforce effectively. While expected to be temporary, prolonged workforce disruptions

(A Component Unit of the Matanuska-Susitna Borough)

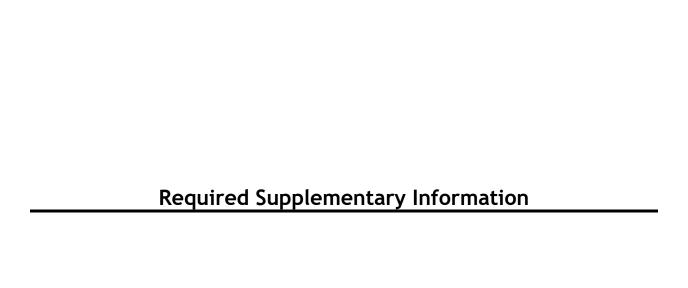

Notes to Basic Financial Statements

may negatively impact the District's services. Furthermore, adverse economic effects of the COVID-19 outbreak may affect the district's federal, state, and borough contributions.

Although the District cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on the District's results of future operations, financial position, and liquidity in fiscal year 2021.

As of June 30, 2020, \$3,997,351 under the Elementary and Secondary School Emergency Relief Fund has been awarded to the School District. The School District has spent \$195,578 of these monies in fiscal year 2020, the remaining unspent monies to be expended in fiscal year 2021. Furthermore, through the CARES Act, \$942,742 was awarded and expended from the Summer Food Service program for children and \$10,195 was awarded and expended from the Epidemiology and Laboratory Capacity for Infectious Disease Contract Tracing in fiscal year 2020. These CARES Act awards were all passed through from the State of Alaska Department of Education and Early Development. The School District will continue to examine the impact that the CARES Act may have. Currently, the School District is unable to determine the full impact that the CARES Act will have on the District's financial condition, results of operations or liquidity. The District has not received additional awards of CARES Act monies subsequent to year end. We continue to examine the impact that the CARES Act may have on our operations. Currently, we are unable to determine the impact that the CARES Act will have on our financial condition, results of operation or liquidity.

The budgetary comparison schedule is presented on the modified accrual basis of accounting.

2. Public Employees' Retirement System and Teachers' Retirement System - Pension Plan

Schedule of the District's Proportionate Share of the Net Pension Liability

These tables are presented based on the Plan measurement date. For June 30, 2020, the Plan measurement date is June 30, 2019.

Changes in Assumptions:

In 2020, the discount rate was lowered from 8% to 7.38%.

The actuarial assumptions used in the June 30, 2018 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017. As a result of this experience study, the ARM Board adopted updated actuarial assumptions for the June 30, 2018 actuarial valuation to better reflect expected future experience.

Amounts reported reflect a change in assumptions between 2016 and 2017 in the method of allocating the net pension liability from actual contributions to present value of projected future contributions.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the District will present only those years for which information is available.

Schedule of District Contributions

These tables are based on the District's contributions for each fiscal year presented. These contributions have been reported as a deferred outflow of resources on the Statement of Net Position.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the District will present only those years for which information is available.

3. Public Employees' Retirement System and Teachers' Retirement System - OPEB Plans

Schedule of the District's Proportionate Share of the Net OPEB Asset and Liability

These tables are presented based on the Plan measurement date. For June 30, 2020, the Plan measurement date is June 30, 2019.

(A Component Unit of the Matanuska-Susitna Borough)

Notes to Required Supplementary Information, continued

Changes in Assumptions:

- 1. An Employer Group Waiver Plan (EGWP) was implemented effective January 1, 2019. This arrangement replaced the Retiree Drug Subsidy (RDS) under Medicare Part D and resulted in larger projected subsidies to offset the cost of prescription drug coverage.
- 2. Based on recent experience, the healthcare cost trend assumptions were updated
- 3. Per capita claims costs were updated to reflect recent experience
- 4. Healthcare cost trends were updated to reflect a Cadillac Tax load.
- 5. The discount rate was lowered from 8% to 7.38%.

The actuarial assumptions used in the June 30, 2018 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017. As a result of this experience study, the ARM Board adopted updated actuarial assumptions for the June 30, 2018 actuarial valuation to better reflect expected future experience. *Changes in Methods*:

As part of the experience study, the actuarial cost method for the retiree healthcare plan was changed from the Entry Age Level Dollar method to the Entry Age Level Percent of Pay method.

GASB requires ten years of information be presented. However, until a full 10 years of information is available, the District will present only those years for which information is available.

Schedule of District Contributions

These tables are based on the District's contributions for each fiscal year presented. These contributions have been reported as a deferred outflow of resources on the Statement of Net Position.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the District will present only those years for which information is available.

Note 1. Waiver of 10% Fund Limitation

On March 11, 2020, a Public Health Disaster Emergency was declared under AS 26.23.020. The State of Alaska issued notice to suspend AS 14.17.505 and 4 AAC 09.160. Requirement that school districts retain only 10% of their operating funds for the following year will be suspended until July 1, 2020. The School District has elected to present this schedule.

Note:

- Beginning with the fiscal year 2013 financial reports, the district is now using the term net position in place of net asset per GASB Statement No. 63 changes effective for periods beginning after December 15, 2011.
- Beginning with Fiscal Year 2015, the District adopted the provisions of GASB Statement No. 68 Accounting and Financial Reporting for Pensions, which among other accounting and reporting criteria, requires the District to recognize its proportional share of the Net Pension Liability (and related deferred inflow/outflows of resources), as of the beginning of the District's fiscal year. As a result of the implementation of this statement, the Unrestricted amount for the District's net position is negative as opposed to positive numbers in prior years.

 $^{^{*}}$ The Borough Direct Rate represents a single component which is the Areawide Mill Levy Rate. Also, Fire Service Areas (FSA), Road Service Areas (RSA), and Service Areas (SA) are identified by service area numbers.
* In Fiscal Year 2010, FSA #33 and FSA #34 were combined to create FSA #136.

Note:

Beginning in 2012, according to the Alaska Department of Labor, their non-disclosure rules no longer allow them to provide employment information that relates to or identifies employers for the current or previous years. Therefore, the Mat-Su Borough's CAFR began providing total employment by type of employer for the current year and nine years ago. Figures are based on an annual average.

Source: Matanuska-Susitna Borough Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. This information is for the most recent fiscal year available by publication date of the School District CAFR.

Notes:

School-term employees of the district work between 183 and 200 days at seven and a half hours per day. Most other district employees are based on 260 days at seven and a half to eight hours per day.

During FY12 the District implemented a new Financial Software System. This system has refined extraction of the staffing and FTE data from prior methods.

- a Alternative Learning Systems (ALS) include high schools BHS, VPW, Mat-Su Day School, Mat-Su Central (a Correspondence Study School), Alaska Middle College School (a dual high school/college credit school) and Mat-Su Youth Facility.
- b Custodial Staff, Support Service Aids, and Districtwide staff have been cost centered to site since FY12.
- c Increase reflects burden of staffing on General Fund with the exhaustion of ARRA and SFSF funding. Consequently staffing for HS & Elementary schools have increased as the majority of teaching staff had been funded through these programs.

| | | | | |

Notes:

- ^a Entry level salary represents a teacher with a bachelor degree and no experience.
- Maximum salary represents a teacher with a masters degree, plus forty-five additional credits, and at least 13 years of teaching experience.
- ^c Average teacher salary is based on a scattergram of contracted certificated salaries for that school year.
- $^{\mathbf{d}}$ The teacher salary schedule has eight columns:
 - 1. Bachelor
 - 2. Bachelor plus 15 credits
 - 3. Bachelor plus 30 credits
 - 4. Bachelor plus 45 credits or Masters
 - 5. Bachelor plus 60 or Masters plus 15 credits
 - 6. Masters plus 30 credits
 - 7. Masters plus 45 credits
 - 8. Doctorate

The percent of teacher FTE at maximum in each column is percentage of total teacher FTE.

Alaska Department of Education and Early Development Website

Notes:^a Presenting the above information has relevancy for grant application purposes and the ongoing analysis with the Department of Instruction regarding impact of socio-economic status on student achievement. Studies have shown an extremely high correlation between socio-economic status and student performance.

Notes:

- a Operating expenditures are total expenditures in governmental funds.
- b Each year the Matanuska-Susitna Borough School District reports the average number of students enrolled in elementary, middle, and high school classes. Average class size beginning FY13 reflects the number of students enrolled in all classes throughout the district except correspondence study.
- c Eligible student for free and reduced lunch provided by Cybersoft Nutrition Services software. Information for all sites, including non-meal program participants.

Source:

Average class size is taken from the Synergy Student Info System processed by IT Department for Instruction Dept.

Results of the ACT are comprised of all grade level students who tested that year. Scores reflect average composite score.

a In FY17, the SAT format changed from prior years. The new format includes an evidence-based reading and writing section (ERW), a math section, and an optional essay. Scores reflect the combined average ERW and math scores. From FY08 through FY16 the SAT was comprised of three sections: math, reading, and writing. http://www.act.org/content/dam/act/secured/documents/cccr2020/CCCR National 2020.pdf https://reports.collegeboard.org/sat-suite-program-results/detailed-2020-reports

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Members of the School Board Matanuska-Susitna Borough School District Palmer, Alaska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Matanuska-Susitna Borough School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Matanuska-Susitna Borough School District's basic financial statements, and have issued our report thereon dated November 15, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Matanuska-Susitna Borough School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Matanuska-Susitna Borough School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Matanuska-Susitna Borough School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Members of the School Board Matanuska-Susitna Borough School District Palmer, Alaska

Report on Compliance for Each Major Federal Program

We have audited Matanuska-Susitna Borough School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Matanuska-Susitna Borough School District's major federal programs for the year ended June 30, 2020. Matanuska-Susitna Borough School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statues, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Matanuska-Susitna Borough School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Matanuska-Susitna Borough School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Matanuska-Susitna Borough School District's compliance.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Opinion on Each Major Federal Program

In our opinion, Matanuska-Susitna Borough School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Matanuska-Susitna Borough School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Matanuska-Susitna Borough School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs item 2020-001 that we consider to be a significant deficiency.

The District's response to the internal control over compliance finding identified in our audit is described in the accompanying corrective action plan. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Matanuska-Susitna Borough School District, a component unit of the Matanuska-Susitna Borough, Alaska, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Matanuska-Susitna School District's basic financial statements. We issued our report thereon dated November 15, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2020

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Matanuska-Susitna Borough School District under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Matanuska-Susitna Borough School District, it is not intended to and does not present the financial position, changes in net position or cash flows of Matanuska-Susitna Borough School District.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

Matanuska-Susitna Borough School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; and Report on the Schedule of State Financial Assistance Required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Members of the School Board Matanuska-Susitna Borough School District Palmer, Alaska

Report on Compliance for Each Major State Program

We have audited Matanuska-Susitna Borough School District's compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of Matanuska-Susitna Borough School District's major state programs for the year ended June 30, 2020. Matanuska-Susitna Borough School District's major state programs are identified in the accompanying schedule of state financial assistance.

Management's Responsibility

Management is responsible for compliance with the state statues, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Matanuska-Susitna Borough School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Matanuska-Susitna Borough School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Matanuska-Susitna Borough School District's compliance.

Opinion on Each Major State Program

In our opinion, Matanuska-Susitna Borough School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Matanuska-Susitna Borough School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Matanuska-Susitna Borough School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of State Financial Assistance Required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Matanuska-Susitna Borough School District, a component unit of the Matanuska-Susitna Borough, Alaska, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Matanuska-Susitna School District's basic financial statements. We issued our report thereon dated November 15, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of state financial assistance is presented for purposes of additional analysis as required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of state financial assistances is fairly stated in all material respects in relation to the basic financial statements as a whole.

Schedule of Findings and Questioned Costs, continued Year Ended June 30, 2020

Section II - Financial Statement Findings Required to be Reported in Accordance with Government Auditing Standards

There were no findings related to the financial statements which are required to be reported in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*.

| Section III - Federal Award Findings and Questioned Costs | | | | | | | | |
|---|---|---|------------------------|---|--|--|--|--|
| Finding 2020-001 | | Significant Deficiency in Internal Controls Over Compliance - Allowable Activities and Allowable Costs | | | | | | |
| Award Year | Agency and Pass- through Entity | Federal Program Title | Federal CFDA Number | Grant Number | | | | |
| 2020 | Department of Education - passed through the State of Alaska | Title I Grants to Local Educational Agencies | 84.010 | IP 20.MSSD.01, SI 19.MSSD.02, SI 20.MSSD.03, ND 20.MSSD.01 | | | | |
| 2020 | Department of Education - passed through the State of Alaska | Supporting Effective Instruction State Grants | 84.367 | IP 20.MSSD.01 | | | | |
| Criteria or specific requirement | | Uniform Guidance has established payroll time reporting requirements, which are required to be followed for expenses charged to federal programs. Internal controls including review procedures of time sheets should be established to ensure grant expenditures are properly supported. | | | | | | |
| Conditio | n | Procedures and controls were developed by the school district to review that actual hours worked agree to amounts expensed. | | | | | | |
| | | During our audit we noted two instances where the time and effort studies for percentage of payroll charged to federal grants did not agree to the amounts charged to the federal program. | | | | | | |
| Cause | | The district did not follow procedures to complete time and effort studies. Certain employees were not given the proper training in the time and reporting process to ensure time charged are tracked correctly by federal award. | | | | | | |
| Effect or potential effect | | Costs charged to federal programs may not be supported by actual time worked. | | | | | | |
| Questioned Costs | | None. | | | | | | |

Schedule of Findings and Questioned Costs, continued Year Ended June 30, 2020

Context In accordance with AICPA GAS/SA sampling guidance, the auditor

> tested a sample of 50 payroll transactions. The time and effort studies for two payroll transactions did not agree to the

underlying accounting records.

We recommend that district staff be adequately trained to Recommendation

follow the current policies and procedures in place.

Views of responsible officials

and planned corrective actions

Management concurs. Please see the corrective action plan.

Section IV - State Award Findings and Questioned Costs

There were no findings and questioned costs for State awards (as defined in the State of Alaska Audit Guide and Compliance Supplement for State Single Audits) that are required to be reported. This page intentionally left blank.

ZACHARY.ALBERT@MATSUK12.US

Finding 2020-001 Significant Deficiency in Internal Controls Over Compliance – Allowable Activities and Allowable Costs.

Corrective Action:

- 1. The District will provide time and effort specific training for any individual(s) in Federal Programs who are responsible for time and effort documentation.
- 2. Strengthen written time and effort policies and procedures in compliance with 200.430, <u>U.S. Department of Education Cost Allocation Guide</u>, <u>Sept 2019</u>, to include:
 - a. The completion of time and attendance reporting
 - Maintain documentation showing that time is allocable to a Federal program
 - ii. Employees will be given instruction on time and attendance reporting. This should include the process of verifying time and effort allocation, and the process of notifying Federal Programs of differences between allocation and actual time spent.
 - iii. Charges to federal awards for salaries and wages must be based on records that accurately reflect work performed
 - b. The approval cycle that is required
 - c. The processing of personnel charges to federal awards
 - d. The internal review process that will be established to ensure effective internal control over the federal award
 - i. Ensure that the program benefited at least by the % charged to the Federal award.
 - ii. Ensure that all necessary adjustment are made such that the final amount charged to the federal award is accurate, allowable, and properly allocated

Specific Actions:

The District is committed to implementing improvements to our system of internal controls in order to provide reasonable assurance that personnel expenses accurately reflect the work performed, are allowable, and properly allocated.

- Any employee who works on more than one Federal program or a Federal program and a non-Federal program is required to document time and effort on a Personnel Activity Report (PAR). At the end of each semester, PARs will be distributed by Federal Programs to employees and their supervisors. These PARs will document the cost objectives and will be pre-populated with budget estimates of time worked for interim accounting purposes.
- Employees are required to maintain records that support the distribution of their compensation. Within 14 calendar days of the end of the quarter, employees must review their records and either certify that the budget estimates are accurate or return the PAR to Federal Programs with a corrected allocation. Any corrections must be accompanied by a statement indicating whether the changes to work activity are permanent or temporary, and the expected duration if temporary.
- Upon receipt, Federal Programs will prepare budget revisions based on the corrected allocations provided and submit a copy of the PAR and accompanying statement to Human Resources.
- Human resources will promptly provide Accounting with direction for any payroll history transfers that are needed to correct cost allocations.
- The complete time and effort certification process, including any corrections should be completed in 60 days or less from the end of each quarter.

Anticipated Completion Date: 12/31/2020

This Corrective Action Plan has been reviewed and approved by:

Luke Fulp

Deputy Superintendent of Business and Operations
