A: Per guidance from the State of Alaska Department of Labor, seal coating and crack sealing are considered maintenance, not construction. However, the contractor is still responsible for reviewing the requirements of Alaska's Little Davis Bacon Act (AS 36.50.010) and complying with any applicable requirements therein.

5. Q: What, if any warranty will be required?

A: Minimum of a one (1) year warranty is required on all work, plus any applicable product manufacturer warranties.

6. Q: Pavement marking or striping is not listed in the bid package, will this be done by the MSBSD?

A: No, pavement marking/striping is excluded from this scope.

7. Q: We request that Deery Superstretch Hot applied crack sealant be approved for use.

A: The substitution appears to be acceptable, but product data sheets and specs must be submitted with your bid for review. The MSBSD reserves the right to reject this substitution upon reviewing the product data sheets.

8. Q: We request the Steelguard XL sealcoat manufactured by Raynguard be approved for use.
