ADDENDUM #1

Information in this addendum takes precedence over original information. All other provisions of the document remain unchanged.

Note to Bidders: Bidders are required to acknowledge all addenda on Appendix 1.

The following additions, corrections and changes are hereby made to the above-referenced Invitation to Bid.

QUESTIONS AND ANSWERS:

1. Q: Can you please send the Consumable Supplies Bid in Excel?

A: B19-04 Attachment C: Bid Form – EXCEL has been posted on the MSBSD website: www.matsuk12.us/bids for your convenience. Bids must still be submitted in accordance with the Instructions to Bidders. The MSBSD will not accept or consider bids that are oral, telephonic, telegraphic, faxed, e-mailed, or otherwise electronically transmitted.

2. Q: Line 12: 100 rolls Film, Clear and Paper, Biodegradable 15.5". Can I get a requested thickness of the film? Is this film to be used on a flow wrapper for overwrapping cold food items? Or is it to be used as a lidding film on a tray and heated?

A: The thickness of the film is in the range of 20-40 microns for over-wrapping cold foods only.

3. Q: It looks as if our item codes have been left off of Bid #B19-04 for lines 13,14,16,17. We have been selling you these items for the last year using our codes (listed below). These codes are on the request for quotation submitted by Jose Martinez back on 7/2/2018. Please advise if it's okay to put these codes on the current bid and submit our pricing without going back thru the sample and approval process. Thank you.

So that you have them our codes for each line are listed below.

#12 PCI 8ACL
#13 PCI 8ACL
#14 PCI 8ACL
#16 PCI 1FCA
#17 PCI 1FCA-P

A. The Plastic Connection codes for lines 13 and 14 may be used, as we have previously purchased those products. Any products submitted for lines 16 and 17 must be based upon the "DuPont Mylar OWF" standard. If Plastic Connections can provide documentation that the products with codes 1FCA and 1FCA-P meet that standard, the items may be bid.
