ChildFind Screening Program

www.matsuk12.us/childfind

WHAT IS PROJECT CHILDFIND?

Project ChildFind is a component of Individuals with Disabilities Education Act (IDEA) that requires states to identify, locate, and evaluate all children with disabilities, birth to 21, who are in need of early intervention or special education services.

Children with disabilities protected under the IDEA or Section 504 of the Rehabilitation Act may require special support services through the Mat-Su Borough School District. Any family living within the Mat-Su Borough may receive this free service.

ChildFind offers a screening to identify any educational or physical needs to enable a child to fully benefit from an educational program.

The ChildFind team screens the child in areas of speech and language development, gross and fine motor skills, vision, hearing and social/emotional development.

All appointments take place at MSBSD Administrative Building at 501 N Gulkana Street in Palmer (behind Swanson Elementary).

WHAT SERVICES ARE AVAILABLE?

- Individualized programs
- Special classes
- Skilled and trained teachers
- Consultations with professionals

HOW CAN I PREPARE MY CHILD FOR A CHILDFIND SCREENING?

- Help your child get a good night's sleep & make sure your child eats a healthy breakfast the morning before the screening
- Allow your child to wear athletic shoes or bring them with you
