MSBSD Acceptable Computer Use Policy for District Students (Intermediate/Secondary)

Using school computers and the Internet, you may participate in a variety of activities that support learning. With access to other networks and people around the world, you might have access to information that may not be appropriate. The Matanuska-Sustina Borough School District has taken measures to prevent access to inappropriate information and not control all the information available on the Internet. The district is not responsible for other people's actions or the quality and content of information available through this service. We trust our students to know what is appropriate and inappropriate. The following guidelines are intended to help you use computers appropriately. If you do not follow our use policies listed here, your privilege of using computers may be withdrawn. User Agreement The use of school and district computers and networks must be in support of education, research, and the educational goals and objectives of the Matanuska-Sustina School District. You are personally responsible for this provision at all times when using district computers. • The use of another organization's networks or computing resources must comply with rules appropriate to that network; • Transmission of any material in violation of any United States statutes is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secret. • District computers, e-mail addresses, or web pages may not be used for commercial, non-profit, political, or religious purposes. If you have any questions about these rules, please ask your teacher so you can understand. Be aware that the inappropriate use of electronic information resources can be a violation of school rules, local, state, and federal laws and that you can be prosecuted for violating those laws.
