PARKING PERMIT APPLICATION

Student Name: _____

Vehicle Description

Year: _____ Color: _____

Make: _____ Model: _____

License Plate #: _____

Student Driver's License #: _____

Student Insurance Provider: _____

Parking Permits

Driving a vehicle of any kind to school is a privilege—not a right! Students may drive licensed and insured vehicles to and from school. They must provide proof of a valid driver's license and insurance. A parking permit will be issued by the office and must be prominently displayed on the driver's side back window. Parking permits can be revoked. Vehicles may be searched with reasonable suspicion of illegal activity or violation of school policies, per school board policy. Students driving off-road vehicles must have the prior permission of the principal. Students must drive out of the parking lot via the bus route, following painted arrows on the pavement. [Please reference BP 5144.1](#). Vehicles parked at SVS without a parking permit are subject to removal from the school's property at the owner's expense.

Parent Signature and Date

Student agreement:
I understand the responsibilities and rules of having a parking permit at SVS, and agree to abide by them. I understand that I am accountable for my actions while driving to and from school.
