

*A collaboration between Matanuska-Susitna Borough School District and University of Alaska Anchorage*

- Students earn both high school and college credit while taking college classes
- All college classes are taught by faculty of University of Alaska Anchorage
- AMCS students may continue to participate in sports and other activities at their home school
- Students who enter AMCS as juniors and who are academically ready for both college-level English and math courses have the potential to earn an UAA Associate of Arts degree while at the school
- Students are academically evaluated prior to admission to help families and staff determine if AMCS is an individually appropriate choice

### **Great Students, Great Testimonials**

*I have really learned how to manage my time better at this school. My professors are very strict about deadlines.*  
*Andrew Nelson, AMCS senior*

*My first semester, I took four college classes and earned 13 college credits. This school has been a great opportunity for me.*  
*Tasha Ralph, AMCS senior*

*Attending this school has helped me raise my academic goals. I can take college classes and still play varsity basketball.*  
*Emellio Carney, AMCS senior*

*I am thrilled to be teaching these curious, creative, critical thinkers. They are flourishing with the individualized attention and smaller class sizes.*  
*Solveig Pedersen, UAA Department of English*

The opportunity to earn college credit is offered at **no cost** to students. This can be a substantial savings for families.

Cost Savings (based on UAA 2014-15 expenses)

UAA Tuition 3 Credits	\$522	Plus cost of books
UAA Tuition 12 Credits	\$2,088	Plus cost of books
UAA Tuition 24+ Credits	\$4,176	Plus cost of books
