

Dear Faculty and Staff:

In compliance with our Charter, the APC Board is again reaching out to Fronteras Staff and Faculty for input on our annual Administrator Performance Evaluation.

This form is based entirely on the Fronteras Administrator's Standards document, which can be found in our Charter. Copies are available in the office or on our [website](#).

All answers will be confidential and results will be anonymous. When answering questions please keep in mind the educational and philosophical expectations of the schools charter.

The Principal Evaluation Committee consists of non-staff APC Board members. These members will be the only ones to have access to the forms and are required to keep their originators strictly confidential. Only if requested by the originator will the form be released to the district to be included in the principal's evaluation at the district level. Information contained within these forms collectively will be consolidated and shared by the APC Board with the Administrator during the annual review meeting. If you would like your feedback included in the Administrators review at the District level, you must include your name and signature.

Thank you for your commitment to Fronteras!
