# School, Student & Parent Compact

Big Lake Elementary School is committed to children and the community. We know there are three elements in a student's life that will help them become successful in school and beyond. Quality Instruction, Parental Support, and Student Participation. This compact is an agreement between all parties that a child's education is an important part of our community, state and national success. We also agree that we will support our children to become active and healthy members of our society.

As a parent, I will support my child in their education. \_\_\_\_\_

As a teacher, I will provide a quality education. \_\_\_\_\_

As a student, I will play an active role in my education. \_\_\_\_\_

As the principal, I will do everything I can to support your child's education and encourage parent participation in the education process. \_\_\_\_\_
