

Scholarships for High School Seniors

Sunshine Community Health Center is offering two (2) \$2000 scholarships to graduating seniors of Susitna Valley, Houston High, or area home schools with the goal of increasing the health and human services workforce in the Matanuska-Susitna Valley. These scholarships help defray the cost of higher education in degree programs in the fields of health and human services.

This scholarship aims to promote, facilitate, and increase the knowledge and understanding of the vital role of community health care in rural areas. With a 30-year career in human services, SCHC Board Chair, Kathy Watkins, says, “we are excited to foster and nurture the interest of local seniors in health and human service careers with this scholarship.” The scholarships will recognize the distinguished scholastic, leadership, and citizenship attributes of high school students and their role in community wellness.

Applications are due April 1st, 2021 with funds available in June 2021. Click [HERE](#) to learn more and complete your application online.
