

TMS Exploratory COVID Mitigation Plan

1. Entry/Student arrangement

- Students enter room, wash/sanitize their hands, and sit in assigned seat
- Seat assignments will be permanent
- No more than 2 students per table (3 if class sizes dictate)
- Rows in Home Ec. Room will be used

2. Supplies

- Supplies/tools will be located at each table
- We will work to complete projects before the end of the week so they can be taken home Thursday
- Expand project storage space in closets/shelving to allow social distancing when retrieving in-process project materials.
- Dismiss students to get in-process projects/materials in small groups to allow social distancing

3. Clean-up

- Clean and sanitize all shared tools/materials
- Clean and sanitize all shared space: counters, tables, and flooring
- Once tables have been cleaned, students will not place hands or personal items on them
- Dismiss students by table/row to allow for slow, spaced re-entry into the hallways.
