February 8, 2021

Dear Parent(s) and Guardian(s):

Recently the Alaska Department of Education & Early Development (DEED) released the 2019-2020 Report Cards to the Public for each school district and school in Alaska. This user-friendly website aims to provide families with clear, common information about all public schools and districts in our State. These report cards to the public contain data and information about academics, school environment, teacher quality, and more.

To view a 2019-2020 school or district Report Card to the Public, go to education.alaska.gov/reportcardtothepublic. Once there, you will be able to select which school or district report card you wish to view. If you are unable to access a Report Card to the Public online, please contact your student's school.

We know that the Report Card to the Public is just one of many ways you can engage with us at Teeland Middle School. We look forward to sharing our school's successes with you and working together to make our school better every day. We are proud that at Teeland Middle School the Report Card to the Public shows us doing well in English Language Arts based on the 2018-2019 PEAKS, with approximately 60% of our population proficient or above. Our Family Engagement Events have also been highly successful this year with up to 85 families participating in our last event.

We hope you will closely follow your student's academic progress and work with his or her teacher(s) to help ensure academic success. Working together as a team, we can improve not only how well our students are performing individually, but how our school and district are performing as a whole. There is nothing more important to administrators and teachers at Teeland Middle School than ensuring that students are ready for the next step in their academic career.

If you have any questions or concerns regarding our school or district Report Card to the Public, please do not hesitate to contact us at 907-352-7500.

Unfortunately, TMS will not be receiving Title I funding next year due to this being the 2nd consecutive year that our Free and Reduced Lunch population is recorded below the 40th percentile. Our hope is that the percentage is accurate, and our community is faring better financially.

Sincerely,

JoAnn Hinds
Principal

MATANUSKA-SUSITNA
BOROUGH SCHOOL DISTRICT

We prepare all students for success
