

CTE Course Description and Standards Crosswalk

Course Information

Course Name	OPET Part B Semester 2
Course Number	86822
Number of High School Credits	.5
Sequence or CTEPS (You must first have the Sequence or CTEPS entered into the EED-CTE system.)	Outdoor Power Equipment
Date of district Course Revision	February 2015

Career & Technical Student Organization (CTSO)

CTSO embedded in this sequence	SkillsUSA
--------------------------------	-----------

Occupational Standards

Source of Occupational Standards	Engine Equipment Training Council (EETC); Skills USA
Names/Numbers of Occupational Standards	EETC 2&4 Stroke, Electrical; Skills USA Power Equipment Technology (PET)

Registration Information

Course Description (brief paragraph – as shown in your student handbook or course list)	OPET B is an extension of OPET 2, a year-long certificate training program in outdoor powered equipment. The program covers employability skills, inventory, dealership management, and advanced troubleshooting. Students will be involved with CTSOs This is a course for students who are interested in marine mechanics, ATVs, snow machines, water craft repair, and tool and rental repair. Students interested in being an outdoor power equipment mechanic or manager either in a small business or dealership would benefit from this class. National EETC (Engine Equipment Training Council) certification tests may be taken.
Instructional Topic Headings (please separate each heading by a semi-colon)	Employability Skills; Safety; Troubleshooting Skills, Engine Theory & Design, Electronic Systems, Fuel Systems, Engine Overhaul, CTSO involvement
