Special Instructions: The MSBSD is committed to providing the best possible instruction and current information for our students. The MSBSD would like to invite speakers from the community to help provide their expertise with regards to health information. This application is designed to allow programs access to our students in a safe, structured, and supervised manner. The MSBSD must ensure the material 1) is aligned with the National and State Educational Standards, 2) is aligned with MSBSD Board Policies, 3) is presented in a professional and effective manner, and 4) the presenter is highly qualified for the task.

Application Process Steps

- 1) Complete application.
- 2) Submit application to Melissa Kortbein, Curriculum Secretary in the MSBSD Office of Instruction.
- 3) You will be contacted to discuss the application and potentially gain approval.
- 4) Upon approval, your organization will be added to the approved provider list along with your contact information and approved presentations.
- 5) Health teachers in the MSBSD may contact providers on this list and set up presentations at their discretion. The health teacher will need to coordinate date, time, length, and any relevant instructional information.

- Does Not Meet

6142.1 BP: Family Life/Human Sexuality

The District curriculum shall help students understand the biological, psychological, social, moral, and ethical aspects of human sexuality. The family life/human sexuality program shall encourage students to be abstinent and to conceptualize sexual behavior in the ethical and moral context of marriage. The program shall be age-appropriate and shall address a full range of topics, including parenting and birth control, and shall emphasize that abstinence from sex is the only totally effective protection against unwanted pregnancy and sexually transmitted diseases.

Alignment with Board Policies (continued):

Indicate below whether or not your presentation(s) meets Board Policy.

6144 BP: Controversial Issues

The study of a controversial issue should help students learn how to gather and organize pertinent facts, discriminate between fact and fiction, draw intelligent conclusions, and respect the opinions of others. The discussion of controversial issues in the classroom shall be conducted in an unprejudiced and dispassionate manner and shall not disrupt the educational process. Teachers will serve as facilitators in the exchange of ideas and civil discourse. Expressing personal opinions, even when identified as such, is not appropriate.
