

expectations

- be kind
- stay engaged
- ask and be honest
- self advocate
- come prepared
- work hard

Beginning of class → Take a seat, put your phone/headphones away, complete the bell-ringer in your comp book, write the objective on your foldable, and silently wait for further instruction.

During class → Be an active participant in your learning. Listen, collaborate, take notes, and ask questions.

End of class → Stay in your seat until dismissal by Mrs. McCullugh.

Cell phones will be taken and held if it is seen at all for the period. If this is a habitual problem, this will result in an office referral.

Students may listen to music quietly during approved practice time & cannot change songs from their device.

supplies

- ✓ Holt McDougal Geometry (green) textbook (check out in the library)
- ✓ Graph paper composition book (2)
- ✓ Writing utensils
- ✓ Calculator Ti-30Xii or above (needs sin, cos, tan buttons)
- ✓ Foldable of notes (made in class)
- ✓ A positive attitude

topics covered

- ✓ Foundations of Geometry- points, lines, planes, segments, angles
- ✓ Geometric Reasoning- conditional statements & two column proofs
- ✓ Properties of Parallel and Perpendicular Lines
- ✓ Triangle Congruence, Properties of Triangles, Right Triangles & Trigonometry
- ✓ Polygons & Quadrilaterals
- ✓ Perimeter, Circumference, Area
- ✓ Spatial Reasoning
- ✓ Circles
- ✓ Probability

communication

Monthly emails will be sent to guardians informing success, missing assignments, potential need for additional supports, etc. Please reach out via email or phone if you (the parent) notice that your student is struggling.

retakes

- Quiz grades cannot be retaken but can be replaced by your test score.
- Tests can be retaken. The 2nd score stays. **Complete a retake form:**
 - ✓ Complete test corrections
 - ✓ Complete and grade additional practice problems from the textbook
 - ✓ Schedule your retake with Mrs. McCullugh via email.

WELCOME TO

geometry

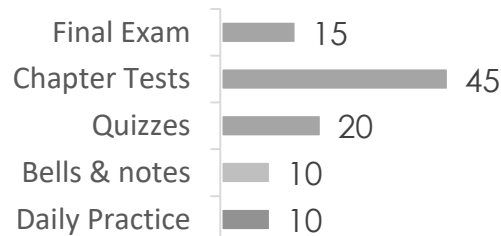

Mrs.
McCullugh
“Muh-Cola”

Room #211

grades

Students who receive a "D" will receive credit, but it is recommended to have a 70% or better to move on to the next math class

Students will be required to complete all aspects of the Castle Project in order to receive credit for 2nd semester geometry.

HOW IS DAILY PRACTICE GRADED:

Daily practice is self graded off a rubric

- 4 pts percentage correct
- 4 pts percentage attempted
- 2 pts employability – was it on time
 - 2 pts turned in the day it was due
 - 1 pt turned in before the chapter
 - 0 pts turned in before finals week

You will complete your daily practice in your comp book & only turn in the rubric.

LATE WORK :

Daily practice must be self graded using the rubric (not during the bell, notes, or activity time) from the answer key book, turned in to my box. Your score will only be impacted in the employability section of the rubric.

MAKE-UP WORK:

TESTS: They will be entered as a "missing" which defaults to a 0 until you complete it.

You schedule a time with Mrs. McCullugh.

Notes: Copy from lesson in the book:

- Objective & vocabulary words & definitions
- All example problems with the work
- All "Know it! Notes" & "helpful hints"

academic dishonesty

Academic dishonesty will NOT be tolerated under any circumstances. Cheating, copying, or plagiarism of any form will result in all of the following consequences:

- failure of the assignment
- disciplinary referral
- parent contact

Since your daily practice is self graded because Mrs. McCullugh wants you to be involved in the grading practice, honestly is valued.

To make sure all students are keeping accurate and honest records, Mrs. McCullugh will be performing random checks throughout the year ensure your self grade reflects an accurate score for the assignment. If she finds a discrepancy, you will:

- Lose credit for that assignment
- Lose credit for 4 surrounding assignments
- All assignments for the chapter will be checked
- You will receive more random checks
- Parent contact
- Office referral

JUST DON'T DO IT.

resources

Your textbook is available online.

It has **videos to help you with your homework problem by problem**, practice quizzes, daily practice problems, interactive help, etc.

Textbook:

My.hrw.com

log in/password is the same as logging on to a school computer
Email Mrs. McCullugh if you can't log in

Other helpful website:

It has lesson videos by topic and practice problems with videos that help you if you get it wrong. Search the title of your lesson if you are absent or need additional support.
