

## Arrival/ Drop-off MAP Midnight Sun Family Learning Center

### Parents and Guardians:

We have additional signs in our parking lot until winter as guidance. I do not have staff members outdoors directing traffic due to safety issues. I will be in the parking lot for the first two weeks of school to ensure yielding is working. "Zipper" is a yield term. Mrs. Marsh's parents will go through Primary drop-off lanes also. Have patience with one another. **Drive slow and please, stay off of your cell phones during active arrival/dismissal procedures.** Do not park on Midnight Sun Drive and walk your students to their classroom or drop off students on Midnight Sun Drive. You can park in our lower parking lot, use the walkway and walk your students to their classroom. You will still need to use the same route as others to exit. Parents are asked to remain in vehicles during active drop-off. Place child(ren) on drivers side to exit vehicle for safety reasons.
